HOW TO DOWNLOAD YOUR STICKER BOOK & IMPORT IT TO GOODNOTES:

- Make sure you have the GoodNotes App installed
- Make sure you are on your iPad/Tablet and using a WEB BROWSER
  - *You must open the link above in a web browser. You can not open within the Dropbox App or these instructions will not work.*
- Copy/paste the link above into your web browser
- Click the "..." next to the .zip file
- In the pop-up window, click "Save to Device"
- In the next pop-up window, click "Open In Goodnotes"

WHAT IF I'M NOT USING GOODNOTES?

The GoodNotes file has all stickers pre-inserted in booklet form which just makes import a bit easier. Our digital stickers are compatible with all other note-taking apps, though! If you're not using GoodNotes, simply download the folder of individual .PNG sticker images and import those into the PDF reader/application of your choice!
