INTRODUCTION

UCAN Sport is a Chinese sportswear brand founded in 1988 by the famous football player Zhao Daxin and his brother. For over three decades, UCAN has been supporting those who want to be the very best on the playing field.

UCAN offers leading technologies in all areas of our product range. Our team of designers and manufacturers search the globe for performance enhancing fabrics and materials then integrate these cutting edge technologies into the products.

As a pioneer of Chinese football brand, UCAN has given strong and sustained support to the development of football, providing sponsorship to multiple professional and amateur football leagues. UCAN is also the first local brand to sponsor in China League One – former Chinese Football Association Super League – in early 90s.

Sport is at the core of UCAN. The passion it brings, the opportunities it provides, the joy it creates. Sport has always been about the social aspects for UCAN – the tireless players and enthusiasts on the pitch, in the club and in the communities.
