

LIMITED LIFETIME WARRANTY

KBFMORE warrants all of its stainless steel sinks to be free of all manufacturing and material defects under normal use by the original owner.

KBFMORE will replace without charge, (excluding labor) any stainless steel sink that is proven to be defective, with an equivalent replacement, during the period specified in this warranty, to the original owner. The sink must be used in a solely residential application, installed in accordance with the KBFMORE installation instructions, and must not be damaged due to negligence, misuse or abuse. In the event of a warranty claim the original owner must provide proof of purchase – save sales receipt.

This warranty does not cover damages that might be caused by the product (some states do not allow such limitation so this reference might not apply to you). KBFMORE reserves the right to inspect any sink that is claimed to be defective prior to the replacement of the sink. Replacement of the sink excludes any labor for removal or reinstallation and transportation costs.

KBFMORE will not be liable in case of:

Improper installation

Any modifications of the product as manufactured by KBFMORE

Damage from dropped objects or heavy impact

Improper care and maintenance

Improper use of corrosive chemical such as photographic solutions, industrial acids etc.

Commercial use or application.

KBFMORE is not liable under this warranty for loss of this sink or other incidental, special or consequential costs, expenses or damages incurred, including, but not limited to, such damages resulting from the expenses involved in removing and replacing this sink prior and subsequent to warranty service. Some states or provinces do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives specific legal rights, and you may also have other rights, which vary by state or province.
