SWING WITH A RIGHT HOOK

Good things come in complete packages: The **Tulip Etimo** Crochet Hook Set includes eight comfort-grip, polished-aluminum crochet hooks in U.S. sizes D-3 to J-10; thread scissors; two yarn needles; and a 4.5-inch ruler perfect for checking gauge. The sparkling snap wallet case will win approval from chic neatniks. www.caron.com

COTTON GIN

This vibrant printed Small Lily Zip Pouch from **DellaQ**'s new Cotton Collection is a solid performer. Fully lined and reinforced, the 7.5-inch-wide beauty has substance, too. (Shown in the limited-edition Raspberry Martini print.)

ESCAPE THE FUZZ

The **Gleener** breathes new life into knits and other fabrics. Three detachable "blades" fitted with gentle rasps gauged for pill size—large, medium and small—and a lint brush at the bottom provide fiber resuscitation. The handle's ergonomically shaped and battery-free. www.gleener.com

NOTE TO SELF

A big part of the design process is taking detailed notes. Whether you're a design newbie or an old hand at modifying patterns, the thirty templates in *Knit Notes: Explore • Design • Create* (Sixth&Spring Books) by Be Sweet yarn company owner Nadine Curtis will help you document crucial details. Graph ruled sections assist with stitch-chart plotting.

DPN CORRAL

Keep those double-pointed needles penned in while your project "counts sheep" for the night. Made from flexible silicone rubber, the ovine-shaped Double Pointed Needle Protectors from **Clover** hold up to five dpns. Fit U.S. sizes 0-5 into the smaller bright green duo and 6-10 into the larger purple.

ONE KNITTER KNITTING

Fiona Goble, author of last year's *Knit Your Own Royal Wedding*, is at it again. Her latest themed collection is *The Twelve Knits of Christmas* (Andrews McMeel), a pattern for each day in the traditional song. A member of the Three French Hens cadre, knit up by one of our staffers, is shown here.
