

BAFIT[®]

EXPERIENCE THE ELEGANCE

SANITARYWARE • FAUCETS • BATHROOM ACCESSORIES • KITCHEN SINKS
COMPLETE BATHROOM CONCEPTS

Novice by Name, Experts by Experience

Having marked the inception of the company in the year 2017, Bafit has been built with the vision of superior quality, impeccable design and the promise of perfection for years to come. Catering to your experiences of luxury, Bafit works towards creating premium bathrooms solutions with high quality and aesthetics. Made with precision in German kilns and using only

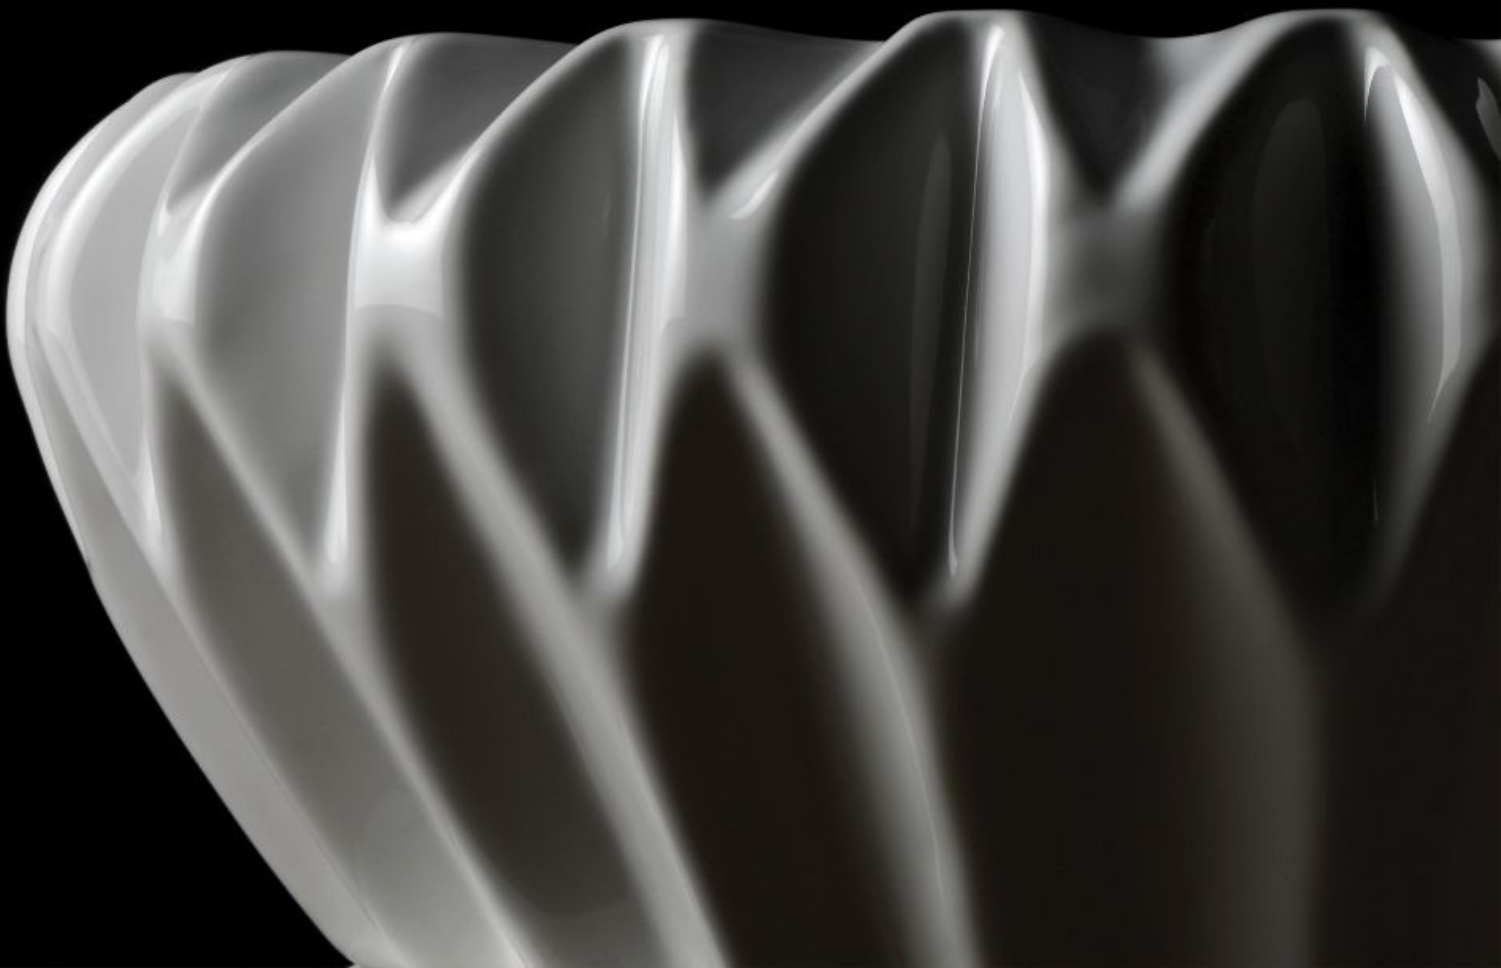

GERMAN TECHNOLOGY TO ENSURE UNMATCHED END RESULTS.

Equipped with a skilled in-house team of people to cater to different aspects of one product. Ranging from designers to technicians to manufactures and quality control experts, we are a family that strives for high performance and quality. Backed with experience worth 20 years in the field of faucets and sanitaryware, Bafit understands the nitty gritty of creating products and services that are high in quality, aesthetics and performance. Bringing to you fresh designs that enhance your space and living with their super gloss finish, highest in the industry. Maintaining International plumbing standards in our manufacturing and installations, we are determined to only serve the best.

Experience worth
20 YEARS
in this industry

Welcome to the bathroom of tomorrow

Designed today, a lavish lavatory with the vision of tomorrow. Making a commitment to new materials, enhancing what is pure, reformulating shapes, in reverence of technology, surrendering to infinity.

QUALITY

Hygiene dictates two-thirds of a person's health. And we believe one should never have to compromise with the quality of products present in the temple of one's personal hygiene, the bathroom. At Bafit, quality trumps everything. With a guarantee of nothing but superior quality products in every range and style we strive to deliver only that which we can personally vouch for.

AESTHETICS

In today's world where less is more, our products are a personification of minimalism combined with magnificence. While functionality and quality are important to us, aesthetics are equally important. We work hard to create fresh, cutting edge designs that are spotless to look at and easy to maintain and clean at the same time. We believe the designs of our products are no less than a fashion statement and a mode of expression of your personal style.

PERFORMANCE

An intimate affair, using Bafit products will always lead to pure satiation. From the first step to the last our products are designed, created and tested keeping in mind the most important aspect of any product, it's performance.

We take it as a personal challenge to only create products that are highly functional in order to raise the bar of your lifestyle.

Aesthetic statement

The perfect amalgamation of innovation, aesthetics and experience design. Hand picked and chosen through meticulous research, designs that possess the power to express your personal style in an effortless manner.

“Design is not just
what it looks & feels like.
Design is how it works”
- Steve Jobs

10 YEARS WARRANTY

SANITARYWARE

Explore the elegance of Bafit to uplift the decor of your bathroom. Bafit Sanitaryware provides a wide array of designs and features, fashioned for different settings and needs. Whether in coordination with our faucets or even individually we offer a plethora of wash basins, offering Wall Hung, Over Counter, Under Counter and Counter - top installations. Easy to use and universally well- designed, our range of products will surely satisfy all your sanitary needs to create that perfect sanctuary of satiation.

Anti-Germ Glazing

An additional glaze of anti-bacterial Fluoro-Polymer is applied on all bafit WCs and Wash Basins through a special process to ensure protection from unseen and unwanted bacteria. Forming an immensely strong hydrophobic shield helps prevent the build up of bacteria and germs. Indian humid weather conditions often foster more unwanted and unseen bacteria and germs, for which this glazing is highly ideal. Not only is it for protection against germs but it also renders the surface durable and highly dirt, oil and liquid repellent. Also aids in effortless removal of hard water deposits.

Clean & Odour-free Wcs

Each sanitaryware product is installed with traps. These traps are important to hold water and protect odours from the sewage to travel back into your living space. At bafit our traps of water are also thoroughly glazed for increased protection.

- Prevents dust and dirt from sticking inside the trap itself.
- Further facilitates effortless flushing as well as waste removal
- Overall protection from bad odour.
- Ensures dirt collection and no give out of odours.

Soft Closing Detachable UF Seat Cover

- Load bearing capacity of over 150 kgs
- The shape and texture of the seats to remain unaffected by temperature variations
- Resistance to peeling off & deformation over time
- Also dye and stain and scratch resistant
- For long lasting functionality a special buffer oil is used in the hinges

Stringet quality parameters

- Autoclave Test for Craze Resistance
- Spectrophotometer Test for color stability
- Chemical Resistance Test to avoid the possibility of stains
- Flushing tests include 100 Ball Test and Ink Test
- Load Bearing Test 400 kgs for WC and 100 kgs for Wash Basins

Easy Installation

- Easy to fix to fall due to flatness of parts
- Ensure gap free installation between wall, floor and the fitting portions of the sanitaryware.
- Perfect fitting for a flawless look
- Easy to install due to elongated rag bolts holes which are elliptical in shape.

After Sales Service

A relationship of trust between our clients and us due to our perseverance to serve even after sales. A large network of service providers in every area to ensure hassle free experience. Also offering preventive maintenance services to avoid disruptions of peace in functionality.

Uniform Standard

Regularity and uniformity practices throughout all products available for retail and project. No differences in terms of product quality, design and colour.

Rimless WC.

For efficient flushing and effortless cleansing we use innovative and hygienic designs.

Blind Installation

No side windows for installations, the designs add to the aesthetic neatness of the WC.

Tornado Flushing

Cleans entire toilet rim as well as the bowl more effectively while reducing water consumption at the same time.

FAUCETS

Set yourself for success and begin your day with the excellence of Bafit.

Bafit faucets are designed to ensure an experience of utmost ease, smoothness and satisfaction. Designed by technicians in the field of faucets since **20 years**, backed with **experience & expertise**.

Currently, producing faucets in multitudes per day, each with the same amount of precision & care. We use state-of-the-art technology and further test each faucet time & again for its quality and performance. Not only do we extend a **10 year warranty** on our faucets due to its superior quality but also due to our trust in being able to serve you for long after you have made your purchase.

Design & performance packed into one dynamic product, we present to you more than **175 faucet designs** to choose from, for the future of your bathroom and the start of your day.

CARTRIDGES

At the heart of any faucet, is its cartridge. The cartridge is responsible for the intensity of the water flow and temperature.

- To ensure a longer and trouble free operating life of upto 20 years, given the average number of operations per day is 60-70, Bafit cartridges are 5 lacs cycle tested.
- To avoid breakage or any disruptions we make sure to use brass instead of plastic in the spindle of our cartridges.
- Tried and tested to work smoothly even at high temperatures like 85 degrees as well as in a plethora of pressure conditions ranging from 0.5 to 5 bar.
- Our wide angled levers provide unmatched comfort and smooth, flawless operation.

AERATORS

To ensure a splash-free and gentle experience, every faucet is equipped with an aerator which softens the spash. It reduces the splash distance by reducing the volume of the water by making smaller streams inside the main stream of water.

- Our specially designed honeycomb-structured aerators, provide the perfect balance and a buildup protection.
- To protect from and avoid sediment and dust particles, our aerators are created with an anti-clogging dome screen.

CHROME FINISH

We promise to provide an unmatched shine that acts a dual warrior against corrosion and the test of time.

- With a high plating thickness of 10 microns Nickel and 0.3 microns Chrome, providing tolerance to extreme climatic and water conditions.
- To ensure a long lasting corrosion free life, every faucet is tested by going through more than 450 hours of salt spray tests.

Iconic

Rejuvenate in Your Personal Style

When it comes to being the creator of your own future, we urge you to choose pieces that complete your space. Tailored for expression of your personal style is this journey through the various needs and solutions of a modern day bathroom. Whether you are simply upgrading the accessories in your bathroom or opting for complete remodeling, here is an inventory of some more options.

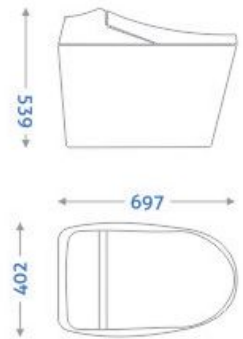

CYMATIC Series
INTELLIGENT

CINT1001

W P H
402 x 697 x 539

Water Pressure	Heating Method
0.1-0.8 Mpa	Instant Heating

DESIGNED TO CREATE AN EXPERIENCE UNMATCHED

Integrated personal cleansing system

More Healthy

Rediscover the meaning of cleansing

More Comfortable

Designed for an experience of utmost luxury

More Secure

Smart, sensitive, secure beyond compare

MORE MODERN

Your cleansing seat, a modern day bidet

MORE INTELLIGENT

The creation of cleanliness that can't be matched.

SIX BASIC FUNCTIONS

Healthy water wash

Replacing uncomfortable backhand wipe with soft and clean water cleansing.

Warm Air Drying

Spring like warmth and comfort for a total dry out in a gentle way

Constant temperature seat

Granting you the ability to adjust within a four Grades temperature system for the seat

Automatic flushing

Smart and effortless flushing on leaving the seat, automatically.

Intelligent Light

In case of low light at night, automatic soft light emission for safety and comfort.

Multiple protection

Aware and in control of safety and protection, to ensure a no-complains experience.

MORE

WARM

No wait, instant heating

Instant heat ceramic heating core, with microcomputer digital temperature control MCU, for continued comfortable experience.

INTELLIGENT

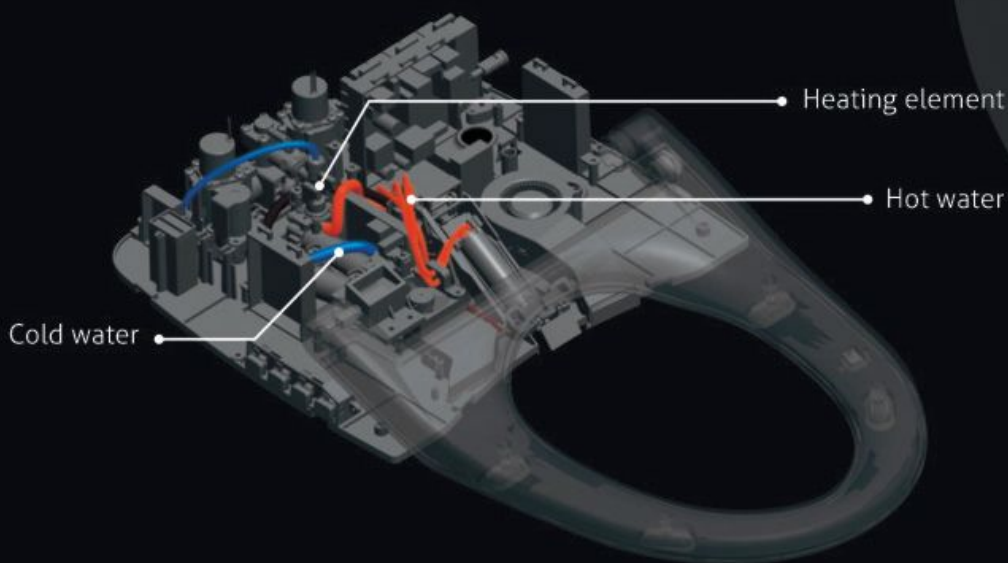

No hands, Automatic flushing

Intelligent automatic flushing on 3 seconds after leaving the seat. In case of no power supply, manual flushing is also possible.

INSTANT UPGRADE IN CLEANLINESS WITH HEATED CIRCULATING WATER

Ensures Instant heating with a former storage of water. Maintains itself and keeps water clean with zero bacteria breeding scope.

PRINCIPLE OF INSTANT HEAT

INTELLIGENT

At first it may seem a little complex to understand, but once you have mastered the experience it will be easy to fall in love with the simple yet unmatched satisfaction that comes with the Cymatic Intelligent Series. An opportunity to elevate your senses with sensory technology for the ultimate cleansing experience

Redefining Efficiency + User Experience.

Intelligent series is centered on a robust system of shared features and components. This fundamentally different approach aims to revolutionize the commercial plumbing industry by streamlining service and advancing the user experience.

ONE TOOL SERVICE

A single allen wrench provides access to all key components. No additional tools are required.

SENSING

Active Infrared is the standard on all models. Capacitance provides extra protection against vandalism.

ACTIVE INFRARED

Infrared sensing is the standard on all models. When a user's hands reflect the invisible light beam, the faucet knows to begin the flow of water.

POWER

Power choices help make the most of available resources. All power supply options have battery-powered.

EFFICIENCY

Capacitance sensing utilizes the human body's own natural conductivity.

VERO BERRETTO Series

In a painting, the finishing strokes are credited for bringing the whole piece of art to life. In a bathroom, details like accessories are what bring out its true beauty and elegance.

Presenting an impeccable series of high-performance washroom accessories. Bring your bathroom to life with accessories designed for those with an eye for detail.

The range includes state-of-the-art soap dispensers, paper towel dispensers and towel racks, among others.

GRACE AND GLAMOUR AT A GLANCE

Let's celebrate the beauty of symmetry in this series of Prudent, called Fuji. They say simplicity speaks volume and goes a long way. We believe our simplest designs bring out the interiors of any bathroom and Fuji is the perfect example of the same. A mix of curves and lines, this series can blend into almost any environment. Be it a new bathroom or a renovation, the functionality of this one will surely satiate and elevate.

KITCHEN SINKS

Kitchen is the most significant part of our lives and well-being. Therefore it must encompass of the most stylish conveniences. Offered in various square style bowl configurations which are functional, modern and sleek. These handmade square sinks are a perfect fit for the contemporary kitchen.

HANDMADE SQUARE SINK

Varying clean line designs captured in stainless steel by highly trained hands. A piece of art in itself.

RADIUS CURVE

The unique bends on the inside offer slightly curved corners for convenient maintenance as well as a modern look.

DRAIN GROOVES & SLOPE

The design enables effortless draining, allowing the waste and water to flow freely. Crafted for a clog-free experience.

STEEL THICKNESS

Made with premium grade stainless steel, that will never rust or stain. Its high strength will also prevent dents as well as bends.

DUAL SOUND ABSORPTION

Heavy duty state of the art undercoating and rubber padding that reduce condensation and minimizes the noise of utensils.
