COMPANY PROFILE

Dr. Palkesh Patel
Managing Director
KAMA, Anand

Once upon a time the truth of the india, india was master in the field of agriculture and teach others the best natural & organic way of farming to the world. By following the rule of nature "Actions Vs Reactions Are Always Equal."Every one knows that the reality of today? Being an indian we have to find out why & what we have lost & how to recorrect our mistakes.

Kama Vision

Our Vision is to be World-Class centre of excellence in Agri-Business, Based on Grass-root research in organic farming, to help farmers yield better results.

-: Kama Core Values :-

Innovation

Simplicity

Research Orientation

Result Orientation

WORK EXPERIENCE

 **9** YEAR OF WITH ORGANIC WORK EXPERIENCE

 **9-2** MONTHS DURATION:

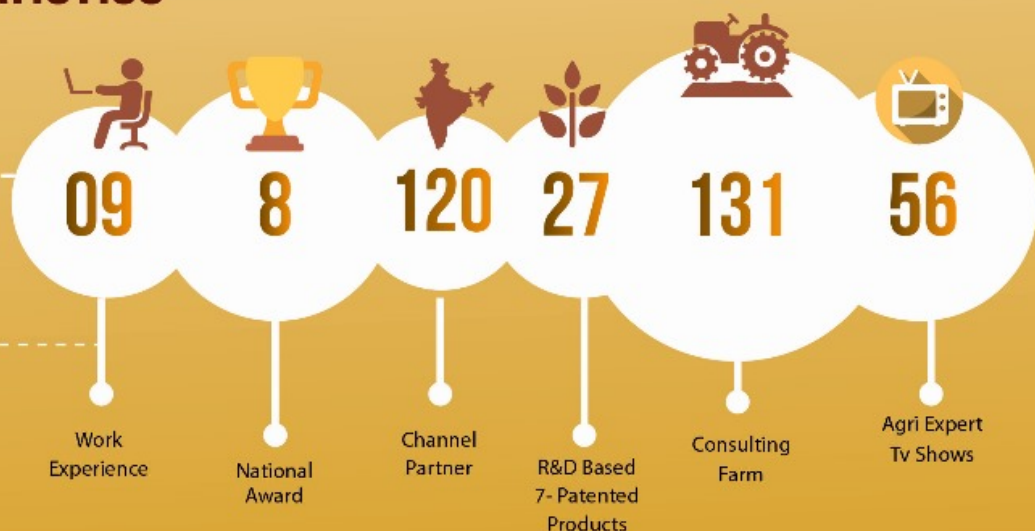

KAMA International Organic Pvt. Ltd. is a well-known Manufacturer and Supplier & Exporters of a wide range of Organic Products. The product range offered by the company having complete range of Organic based Liquid Fertilizers, Plant Extract Based Fungicides, Nematicide, Nano Technology based Flowering Enhancing Solutions, Soil Ph balancer, Organic Pesticides and Bio Nutritional based Growth Promoter. The company also offers services for Bulk job work for other company. The products and services, offered by the company, are known for being an innovative and unique solution for farmer, agricultural sector and home garden & kitchen garden across India.

KAMA International Organic Pvt. Ltd. is a leading complete organic solutions provider Company that has introduced the Innovative solutions for the Farmers. We work with thousands of small family farmers in India to cultivate thousands of acres of sustainable organic farmland.

Organic products support health and True Well ness and are made with loving care. our mission to create a sustainable environment of True Well ness, providing training and a life of dignity to our farmers, and bringing health, happiness and True Well ness to all. This means Organic farming families are supported by a sustainable income, while at the same time improving and preserving their own health and natural environment. In its Endeavour to be a complete agriculture solutions provider, the company had introduced its own Online E-commerce Platform and application for the Farmers and Consumers both.

This Online Platform serves farmers & Consumers by facilitating their all agricultural needs and provides free agricultural consultancy services ranging from sowing to harvesting of crops. This online Platform of act as a one-stop- shop for farmers & Consumers.

KAMA STATISTICS

MOMENTS OF PRIDE

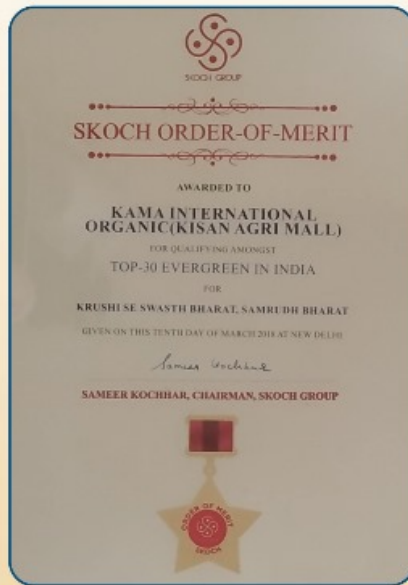

- Kama International Organic Received A Prestigious award Time2Leap Award-MSME EDITION 20 for the best organic company of the year. This award was Presented by Shri Pratap Chandra Sarangi (Hon'ble minister of state in the govt of india for animal husbandry, dairy and small , medium scale industry).
- KAMA INTERNATIONAL ORGANIC govt Initiative to Doubling farmer's income by 2022 for that Organic is the key pillar for that.
- Received National SKOCH Group Award In Delhi "SKOCH ORDER-OF-MERIT" For TOP-30 Evergreen In India For The Theme Is KRUSHI SE SWASTH BHARAT, SAMRUDDH BHARAT.
- Received National Award In Tajland Hotel- Mumbai "CMO Asia Award" For TOP-50 Rural Marketing Professionals.
- Received Distinguished Alumni Of The Year Award For Exceptional Achievement And Outstanding Leadership In "Entrepreneurship" By The Ganpat University.
- National Agriculture Innovation Programme (NAIP) Organised krushi parivartan yatra For That They Invited 33 Farmers Across India Out Of 4 They Selected New Young Entrepreneur Who Work Agriculture Entrepreneurship We Are 1 Of Them. We Are Share Our Experience In International Crop Research Institute For Semi Arid tropic (ICRISAT). In This Krushi parivartan yatra Journey Covered 33 Delegate, 5 State, 5 Krushifair, Also Include 5 Different Agriculture Universities, Krushi vigyan kendra, Where We Share New Technology In Agriculture, Success Farmer Story, Finally End Of This Agri Innovation Conclave In ICAR-Delhi We Shared Our New Innovative Thoughts For Empowering & Enlightening The Farmers In This Conclave.
- Successfully Participated And Delivered Lecture In "AGRI BIZ IDOL CAMP" Organized By NAIP (ICAR), ICRISAT, AAU, IRMA.
- Successfully Participated And Share Our Experience In "NATIONAL OILSEEDS KISAN MELA" Organized By ICAR-Indian Institute Of Oilseeds Research- Rajendranagar (Hyderabad).
- In Vibrant Gujarat-2013 Global Business Summit Out Of 33 Country Delegation We Are The Youngest Age Of 25 Where Kama Int. Organic Strategic Partnership MOU Done With Navsari Agriculture University For The Technology Transfer.

MOMENTS OF PRIDE

Also govt Initiative to Doubling farmer's income by 2022 for that Organic is the key pillar for that.

KAMA - CERTIFICATES & AWARDS

Company Objectives

- To provide highly effective Organic products to farmers.
- To improve timeliness in agricultural activities.
- To ensure profitability of farmers.
- To improve productivity of the Indian organic Agriculture.

Why Us?

The following points highlight the credentials of the company:

- Our high quality products are innovative, tested and proven in Indian soil since last 9 years to improve soil fertility naturally.
- Wide range of products to improve plant nutrient, control plant insects and pest, protect plant soil borne diseases and enable plant growth to deliver high productivity results.
- Products are tested in Indian Agriculture University and different geographical location across India.
- APEDA Approved - GOPCA Organic Certification
- Our strategy build our supply chain to make easy accessible to farmers.

Advantage for purchasing our product (Service):-

- Better service provide by our Farmers.
- Online Payment facility is available.
- Low price pay compare to our competitor.

USP of the Organic Products

- **Innovation in Nature** : Innovative and innovation in nature which is create Strong Impression in market.
- **Easy to use** : common dose for Each and every Product so no hesitate to remind different dose for different product
- **Value for Money** : Result Oriented product so 100% Money satisfaction for Customer
- **Longer validity** : More than 5 years use after Purchase no worry about Expiry and product quality
- **Economic** : Economically feasible and lowest cost of cultivation and gain more profit.

DR. UNITECH

F.S.G Technology

Highlights of Organic Dr. Unitech :-

Dr. Unitech contains biological compounds and a valuable microbe mixture that is environmentally safe. Dr. Unitech improves plant health and vigor, provides plant nutrients in a readily absorbable form, produces higher yields of fruit, vegetables, herbs, and spices. Improves crop quality in terms of color, texture, taste, and shelf life. Improves the nutritional value of crops in a way which is important for human health. Dr. Unitech contains billions of beneficial bacteria. Dr. Unitech is great for lawns, flower plants, and commercial applications.

Suggested Dosages

Foliar Application :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.

Drip/ Soil Drench Application :- 1 Liter of Dr. Unitech Power per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

- ✓ ALL IN ONE SOLUTION
- ✓ INCREASED QUALITY & QUANTITY
- ✓ UNIQUE ALTERNATIVE OF UREA
- ✓ INCREASED LAND FERTILITY
- ✓ 17 MICRO & MACRO NUTRIENTS
- ✓ EARTH WORMS WILL BE BACK IN LAND
- ✓ ALL SOLUBILIZING BIO-SUPPORT
- ✓ BALANCED THE NATURAL CYCLE IN LAND
- ✓ BALANCED PLANT FOOD
- ✓ REFORMED THE SOIL STRUCTURE

100% Organic Solution, Certified and Lab tested by Approved Apeda Agency Government of India.

Improves Vegetative growth, root development and water penetration while reducing soil salinity.

Multipurpose Formula for overall growth maintains nutrient balance in the soils

Macronutrient & Micronutrients Results	
Macronutrient	mg/ltr

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Unitech	Soil Conditioner & Plant Growth Promoters	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

DR. FUNGSTAR

Foliar & Drip

Organic Fungicides

Dr. Fungstar is an unique combination of many herbal plant extract of herbals based on ancient indian Ayurvedic concept. Dr. Fungstar is biodegradable unique formulation with all fungus control for natural Ayurvedic extract. benefits all crops eco friendly and safe to use.

Replace your chemical fertilizers and pesticides with a highly effective liquid manure Dr. Fungstar. **Dr. Fungstar** is an organic Fungicides & growth stimulant that boosts plant production. It improves the quality of fruits and vegetables and provides immunity in plant system.

Dr. Fungstar Benefits

- Dr. Fungstar promoters growth of healthy green leaves and reduces the intensity of chlorosis.
- Improves the soil condition considerably and protects the soil.
- Improve soil organic content. other soil pests
- Very cost effective

Suggested Dosages

Foliar Application :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.

Drip/ Soil Drench Application :- 1 Liter of Dr. Fungstar per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Fungstar	Organic Fungicides Plant Growth Promoters	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

DR. NEEMKARSH

Neem Oil with Improved Formula

- 100% natural and organic water soluble Dr. Neemkarsh
- Natural properties of Dr. Neemkarsh. Do not have any toxic reactions, so they are helpful in plant protection and management.
- Dual purpose in the vegetable garden as both a pesticide and fungicide.
- It Can be used safely on food and leaves. No dangerous residues in the soil and effectively reduces or kills pests.
- Can be used as a beauty supplement and helps reduce redness and inflammation.
- It is a herbal insecticide for agricultural sprays, farming and gardening.

Dr. Neemkarsh Benefits

- Dr. Neemkarsh is Control of thrips, whitefly, Aphids, caterpillar, scale insects, mealybugs, and others.
- It can be used for all types of crops.
- Dr. Neemkarsh is Naturally collected from Neem seeds at and Concentration of approximately 3 to 5%.
- For soil application or drenching: mix 2-3 ml per liter of water.

Suggested Dosages

Foliar Application :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.

Drip/ Soil Drench Application :- 1 Liter of Dr. Neemkarsh per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Neemkarsh	Natural Neem Oil Organic Pest Controller	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

ALL SUCKING PEST CONTROLLER

Dr.Agreee is a natural plant source insecticide produced through the fermentation process. This product has been developed based on the huge availability of herbal sources with advanced extracting technologies and methods. It is important to know that agricultural and daily life use.

Dr. Agreee Content

Pogomia Pinnata	2%	Chenopodium Ambrosioides	2%
Salvadora Percica	2%	Pennisetum Typhoids	2%
Ricinus Communis	1%	Lantana Camara	1%
Jatropha Curcas	2%	Buteo Monosperma	1%
Agave Americana	1%	Ipomoea	1%
And Natural Emulsifier	1%	Natural Water	84%

Dr.Agreee Benefits

- Dr.Agreee revolutionizing the agricultural science.
- Controls Aphids, Mites, Whiteflies, Jassids, Thrips, and all sucking pests.
- It's an excellent repellent for all sucking pests.
- It helps all the crops to develop strength & resistance.

Suggested Dosages

- Foliar Application** :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.
- Drip/ Soil Drench Application** :- 1 Liter of Dr. Agreee per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Agreee	Sucking Pest Controller	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

Foliar & Drip

DR. AADAM

SUCKING PEST CONTROLLER

Dr.Aadam is a natural plant source insecticide produced through the fermentation process. This product has been developed based on the huge availability of herbal sources with advanced extracting technologies and methods. it is important to know that many herbs available are a source of insecticide and pesticides for agricultural and daily life use.

Dr. Aadam Content

Pongamia Pinnata	2%	Ferula Asafoetida	1%
Vitex Negundo	2%	Azadirachta Communis	5%
Abrus Precatorius	2%	Tephrosia Purpurea	2%
Salvadora	2%	Natural Water	78%
Persica	1%	Equal 100% of all Ingredients	

Dr. Aadam Benefits

- It is eco-friendly but also helps to maintain the ecological balance.
- It's an excellent repellent for all sucking pests.
- Increase flowering in the plants.
- It enhance early flowering.
- Plants take less time to flower.
- Approved Input Use In Organic Agriculture

Suggested Dosages

Foliar Application :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.

Drip/ Soil Drench Application :- 1 Liter of Dr. Neemkarsh per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Aadam	Sucking Pest Controller	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

DR. BRAHMOS

Foliar & Drip

All Pest Controller

Dr. Brahmos is a natural plant source insecticide produced through fermentation process. This product has been developed based on the huge availability of herbal sources with the advanced extracting technologies and methods. It is important to know that many herbs available are a source of insecticide and pesticide for agricultural and daily use.

Dr. Brahmos Content

Madhuca longifolia	2%	Lantana camara	2%
Adhatoda Vasica	2%	Tamarindus Indica	1%
Ipomoea Fistulosa	2%	Nerium Oleander	5%
Calotropis Procera	5%	Ricinus communis	5%
Diospyros Montana	1%	Pongamia pinnata	1%
Azadirachta Indica	2%	Natural water	72%

Mixed with natural activity enhancer and saponification agent.

Dr. Brahmos Benefit :-

The formulation acts as Growth promoter and is effective against early, mid, and late pest of cotton and other crops; e.g. Bollworm, Fruit borer, Stem borer etc.

Suggested Dosages

Foliar Application :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.

Drip/ Soil Drench Application :- 1 Liter of Dr. Neemkarsh per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Brahmos	Bollworm & Fruit Borer Controller	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

Foliar & Drip

DR.KASHMORA

Flowering Special

Dr.Kashmora To increase no. of flowers and to prevents Pre-dropping of fruit and flower, It maintain fruit and leaf size, colour and shape, formation lateral branches, fruits and finally increase HIGH YIELD.

Dr. Kashmora Ingredients :-

Goldenicide Extract	08%
Silvenocide Extract	10%
Panchmahacide Extract	10%
Cow Urin	84%
Equals	100%

Application & Dosage:

5 ml per 15 Litter of water.

Target crops :

All Cereal crops, Fruits & Vegetables

Available Packing:

80 ml, 100 ml

Hare Krishna

Hare Krishna is a research based product containing Natural Plant Extract With naturally Available vegetable protein. it is plant Energizer, Control Root Disease and yield Booster. It is plant canopy and induce flowering and thereby increaser the yield.

For Preparation Of Bio-Compost From Animal Waste, Agriculture Waste, City Solid Waste And Other Bio-Degradable Waste.

Hare Krishna Benefit

- Improve quality & quantity of biocompost.
- Speeds up biocompost process.
- Reduces tillages.
- Reduces pests and diseases.
- Reduces agriculture inputs cost.
- Soil carbon and organic matter accumulation.
- Base of soil food web soil aggregation.
- Cycling of important plant nutrients.
- Suppression of plant pathogens and insect pests (bio control).
- Improvement of plant drought and stress tolerance.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Hare Krishna	108+ Microbs Bacteria	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

DR. LUKAS

Foliar & Drip

Organic Viricide

Dr.Lukas is a natural plant source insecticide produced through fermentation process. This product has been developed based on the huge availability of herbal sources with advanced extracting technologies and methods. It is important to know that many herbs available are sources of insecticide and pesticides for agricultural and daily life uses.

Dr. Lukas Content :-

Euphorbia Neriifolia-	4%	Aloe Vera-	4%
Tinospora Cordifolia-	1%	Datura Metel-	1%
Cocos Nucifera-	2%	Sargassum sp-	5%
Ruelia Tuberosa-	1%	Jatropha Curcas-	2%
Annona Squamosa-	5%	Croton Tiglium-	2%
Natural Emulsifier-	2%	Natural Water-	71%

Dr. Lukas Benefit :-

- Dr. Lukas Chilli is a first effective Anti Virus product in the world to protect crops from all types of viral diseases.
- It is a Broad Spectrum Organic Virucide which protects the plant from Virus and also improves resistance against them.
- It is a combination of rare herbs which stops virus immediately and gives fresh growth and better yield in plant.
- Dr. Lukas enters the plant through the stomatal opening and is translocated into the plant system through the vascular bundles.
- Dr. Lukas on entering the effected plant cell encapsulates the viron particles.
- Dr. Lukas opens up the conductive tissues blocked by the virus particles and the plant cells starts to recover & the new leaves emerges virus free.
- It is effective up to 15 days after application.

Suggested Dosages

Foliar Application :- Mix 4-5 ml in 1 Liter of Water. Apply to foliage at an interval of 15-21 days or during the growing season as needed.

Drip/ Soil Drench Application :- 1 Liter of Dr. Lukas per acre. Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Lukas	LEAF CURL CONTROLLER	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

Only Drip

DR. VITO PLUS

Organic Virus + Nematod Controller

Dr.Vito+ is an unique combination of many herbal plant extract of herbals besed on ancient indian Ayurvedic concept. Dr. Vito+ is biodegradable unique formulation with all Virus control for natural ayurvedic extract. benefits all crops eco friendly and safe to use.

Dr. Vito Plus Content

Nigella sativa	1%	Euphorbia nerifolia	5%
Aloe vera	5%	Salvadora oleoides	4%
Tinospora cordifolia	1%	Datura metal	2%
Cocos nucifera	2%	Sargassum sp	2%
Ruelia tuberosa	1%	Jatropha curcas	2%
Annona squamosa	5%	Croton tiglium	1%
Natural water	69%	Equals 100% of all ingredients	

Dr. Vito Plus Benefits

- Dr. Vito+ is an organic/ Botanical/ herbal/organic virus controllers product with unique and excellent results for viral nematode and Disease like- Leaf curl, Yellow Mosaic Virus, Tobacco Mosaic Virus etc..
- Dr. Vito+ increases flower formation, fruit set, seed set & rate of maturity and increase yield.
- Dr. Vito+ Promoters growth of healthy green leaves and reduces the intensity of chlorosis.
- Dr.Vito+ is recuired for normal photosynthesis and protein synthesis.

Suggested Dosages

Drip/ Soil Drench Application :- 1 Liter of Dr. Vito Plus per acre.
Dilute in Water and apply at an interval of 15-21 days or as needed during the growing season.

Name	Product Type	Use 1 Ltr Water	Form	Packing Size
Dr. Vito Plus	N.V. CONTROLLER	4-5 ml	Liquid	1 Liter 5 Liter

30 Liter | 50 Liter | 200 Liters plastic drums. Bulk supplies can be arranged in 10/20-ton tankers by road, rail and sea.

FIRST TIME IN INDIA

- ✔ SOIL ACTIVATOR
- ✔ DISEASE ANTIVIRUS
- ✔ PLANT PROTECTOR
- ✔ PEST ANTI-VIRUS
- ✔ FERTILIZER REDUCERS

Active Ingredient:-**A1-DR.NANO MICROBS-ROOT :-**

Various microbes are available in the plant antivirus (PA) Kit. It releases various hormones and enzymes into the soil which break down carbohydrates, fat, and protein available from crop residue and provide food for the soil microbes. These helps to develop healthier soil.

A2-DR.MICRO VITA :-

Micro organism`s presents in the PA kit after being activated and during multiplication release various enzymes like cellulose, which converted cellulose into glucose.

It helps microbes by providing them require food.

sucas-fructose, refines-galactose, peptidases-amino acide.

A3.DR.NANO-PROTECT :-

It provides micro food and Nano protect for the initial boost up of microbes of given plant antivirus all crops kit, so that they can perform their concern functions.

Dr. Plant Anti Virus Benefit :-

- ☛ PA is certified organic product and used for agriculture, horticulture and for floriculture.
- ☛ PA promotes germination, growth, flowering, fruiting and ripening of crops.
- ☛ PA enhances the photosynthetic capacity of plants and efficacy of organic matter or fertilizer.
- ☛ PA develops resistance of plant to pests and disease.
- ☛ PA suppresses the soil borne pathogens and pests.
- ☛ PA improves the physical, chemical, and biological environment of the soil.

PA-Method of use :

Use One Kit in 5 Acre

Dissolve one tray in 5-10 liters of water and mix it properly.

Shake well all bottles available in Dr. PA kit.

Add each bottle contained in a prepared mixture.

Shake prepared mixture thoroughly and then in other words add 200 liters of water as per requirement.

Apply into the soil by any of the four methods indicated below.

- 1- Mix with both organic fertilizer and broadcast in the field.
- 2- Drenching near root zone via Knapsack Sprayer pump.
- 3- By drip irrigation.
- 4- Apply in fluid irrigation drop by drop from the tank.

Net Contains Volume :-

Gel- 50 ml

Liquid- 25 ml

Powder- 50 gram

DR. UNITECH POWER+

All In One Nyutritions

Dr. Unitech Power Plus

- 👉 **Encourages root health:**
 Dr. Unitech Power Plus contains phosphorous, which helps plants develop healthy and strong root systems. All nutrients also improve soil texture, greatly improving drainage and aeration.
- 👉 **Increase Growth:**
 Improves seed germination and increases root growth development. Hence producing quality flowers and tasty fruits.
- 👉 **Balance Nutrition:**
 Promotes balanced growth of plants and increases bloom set and size of plant. It contains nitrogen, phosphorous, potassium, etc.

Dr. Unitech Power Plus Benefits :-

- 👉 **Organic Micronutrients & complete plant growth solution.**
- 👉 **Formula is suitable for almost all plants and trees.**
- 👉 **Commercial as well as indoor plants.**
- 👉 **Improves flower growth.**
- 👉 **Faster results you can really see from an organic fertilizer.**
- 👉 **Increase the pest & disease resistance.**

DR. ASHTMANGAL

5 in 1

- ✓ Insect
- ✓ Fungus
- ✓ Viral
- ✓ Leaf Mineral
- ✓ Nematodes

Dr. Ashtmangal Features :-

The Unique Product to Control & Protect Plants from Insects, Fungus, Viral Precise Composition, Numerous Medicinal Properties and Anti Bacterial. It mainly affects chewing and sucking insects. It is effective in controlling black spot, powdery mildew, anthracnose and rust fungi. It is also effective against Mealy bug, Beet armyworm, Aphids, Cabbage worm, Thrips, Whiteflies. Mites, Fungus gnats, Beetles, Moth larvae, Mushroom flies. Leaf miners, Caterpillars, Locust, Nematodes and the Japanese beetle. It can be used as a household pesticide for ant, bedbug, cockroach, housefly, sand fly, snail, termite and mosquitoes both as repellent and larvicide.

Dr. Ashtmangal Benefits:

- Can be used in export quality fruits and Vegetables.
- It Ashtmangal is an organic pesticide, which can rid over 200 species of insect.
- It's an exceptional blend of extracts from herbs and plants.
- Upon spraying this unique formulation reacts with the skin of the insects.
- Highly effective when used as a preventive application.
- Have repellent and antifeedant properties against plant insects.
- Has ovicidal (Kills the insect egg) and larvicidal (kills the caterpillar) properties.

Dr. Ashtmangal Usage:-

Dr. Ashtmangal is only used for foliar spray. The recommended dosage is 5 ml/litre of water. Add 15 litre water to 5ml Ashtmangal and spray all over the plant in every 4 days, in case of a pest/insect attack. Otherwise, apply Ashtmangal 5 ml/15 Litre of water once in every 15 days.

Dr. Ashtmangal Ingredients:-

Pongamia pinnata- 1%	Lantana camara- 5%
Chenopodium Ambrosioides-2%	Jatropha Curcas- 1%
DaturalInnoxia- 2%	Butea Monosperma-1%
Nicotiana Tabacum- 1%	Agave Americana- 1%

ORGANIC GRANULES MICROBES

Dr. Nutra- Power

Dr. Nutra- Power Contains all nutrients required by soil and crops. However improve in size, quality, and production of crops. As a result it helps increase fiber. Being granular, for the long-term overall growth of the plant.

Application & Dosage:

Dosage: 8-10 Kg/Acre

Target crops :

Can use in all crops.

Available Packing:

8-10 Kg/Acre

Dr. Divya Urja

Dr.Divya Urja 182 is developed from beneficial micro-organisms of 182 Herbs & Soils. It acts as a quick Soil Fertility for all types of crops and also Improves Crop Booster.

Application & Dosage:

Drip and foliar Application: 100 gm / 1 acre
Three doses at the interval of 15-21 days.

Target crops :

Can use in all crops

Available Packing:

100 gm

Dr. Ujval

Dr. Ujval Granuls form and intake of nutrients by plants or trees is expedited. It can be used for homes or fields. Unique in the market with more ORGANIC CARBON thereby improving photosynthesis. 21% biologically activated carbon. It helps in reducing the alkaline elements of the soil. It helps the plant to get the necessary nutrients. Plants get the carbon they need. It is soil food with various micro-organisms.

Application & Dosage:

soil irrigation and drip irrigation:
1 Acre 100 gram

Target crops :

Can use in all crops

Available Packing:

100 gm

LIQUID BIO FERTILIZER

Dr. Azo Power

Mode of Action: Dr. Azo Power is free living nitrogen fixing aerobic bacterium. It fixes atmospheric nitrogen non-symbiotically and to make it available to plants along with production of antifungal substances which inhibits the growth of harmful fungi and also results in lowering the disease occurrences.

CFU : Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment: 10 - 15 ml per kg seed
Soil application &
Drip irrigation: 1 to 2 litre / Acre

Target crops :

All Cereal crops, Fruits & Vegetables

Available Packing:

500 ml, 1.5 & 20 litre

Dr. Azospi- Grow

Mode of Action: Dr. Azospi- Grow fixes the atmospheric nitrogen and makes it available to the crop along with colonization on the root surface leads to enhances mineral and water uptake by roots.

CFU: Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment: 10 - 15 ml per kg seed
Soil application &
Drip irrigation: 1 to 2 litre / Acre

Target crops :

All Cereal crops

Available Packing:

500 ml, 1.5 & 20 litre

Dr. Acb- Power

Mode of Action: Dr. Acb- Power fixes the atmospheric nitrogen through the biological nitrogen fixation process and makes it available to the plant. It is an obligatory aerobic nitrogen fixing bacteria which is capable of nitrogen fixation in roots, stems and leaves of sugarcane plants.

CFU : Minimum 2×10^8 per ml

Application & Dosage:

Sugarcane set treatment:
1 litre per 100 litre of water

Soil application & Drip irrigation:
1 to 2 litre per Acre

Foliar application: 1-2 litre per acre

Target crops :

Sugarcane, Coffee, Beetroot, Wheat, Paddy,
Jowar etc.

Available Packing:

500 ml, 1.5 & 20 litre

LIQUID BIO FERTILIZER

Dr. N.P.K- Power

Dr. N.P.K- Power is a liquid consortium of Nitrogen fixing, Phosphate solubilizing and Potash mobilizing bacteria. It is used to make available Nitrogen, Phosphorous and Potash to the plants.

CFU : Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment 10 ml per kg seed
Soil application &
Drip irrigation: 500 ml / Acre

Target crops :

Can use in all crops

Available Packing:

500 ml, 1,5 & 20 litre

Dr. Zinc- Grow

Dr. Zinc- Grow contains Aspergillus Spp. and Pseudomonas Spp. Mode of Action: Aspergillus Spp. and Pseudomonas spp. produces organic acids and converts the insoluble zinc sulphide, Zinc oxide and Zinc carbonate into available form to the plants. It also helps in lowering the pH of the soil and balances the physical and chemical properties of the soil.

CFU: Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment 10 ml per kg seed
Soil application &
Drip irrigation: 1 to 2 litre / Acre

Target crops :

Can use in all crops

Available Packing:

500 ml, 1,5 & 20 litre

Dr. Myco- Root

Dr. Myco- Root is a powder formulation of vesicular arbuscular mycorrhizae containing 1000 spores/gram (1 Lakh spore per 100 gram) and other organic materials.

Application & Dosage:

Soil application &
Drip irrigation: 100 gm/ Acre
Liquid- 1 Liter/Acre.

Target crops :

Can use in all crops

Available Packing:

100 gm
500 ml, 1,5 & 20 litre

LIQUID BIO FERTILIZER

Dr. Rhizo- Grow

Dr. Rhizo- Grow contains symbiotic Rhizobium spp. which fixes the atmospheric nitrogen and makes it available to leguminous plants. Mode of Action Rhizobium spp. infects the legume root and form root nodules with in which they convert molecular nitrogen in to ammonia to improve the plant growth and yield.

CFU : Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment 15-20 ml per kg seed

Soil application & Drip irrigation: 1 to 2 litre / Acre

Target crops :

All leguminous crops

Available Packing:

500 ml, 1,5 & 20 litre

Dr. Psb- Grow

Mode of Action: Dr. Psb- Grow solubilises the insoluble phosphates in the soil and makes it available to plant in utilizable form. PSB produces organic acids (viz citric acid, lactic acid, etc.), and enzymes (viz, phytase, nuclease, etc.) that helps in solubilisation of insoluble phosphates. Mode of Action: Azospirillum spp. fixes the atmospheric nitrogen and makes it available to the crop along with colonization on the root surface leads to enhances mineral and water uptake by roots.

CFU: Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment: 10 - 15 ml per kg seed

Soil application & Drip irrigation: 1 to 2 litre / Acre

Target crops :

All Cereal crops

Available Packing:

500 ml, 1,5 & 20 litre

Dr. Fruit- Grow

Dr. Fruit- Grow consists of Frateuria Spp, which mobilizes the potash and makes it available to plant in utilizable form.

Mode of Action: Frateuria Spp, on application to the soil get activated and multiply by utilizing the carbon source of soil or exudates of the root and in this process secrete organic acids and several enzymes that helps in solubilizing the fixed potassium into available form and make it consumable by plants.

CFU : Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment 50 ml per kg seed
Soil application & Drip irrigation: 500 ml/ Acre

Target crops :

Can use in all crops

Available Packing:

500 ml, 1,5 & 20 litre

LIQUID BIO FERTILIZER

Dr. Dp- Power

Phosphate solubilizing Fungal Bio Fertilizer are a group of beneficial fungus. They are capable of hydrolyzing organic and inorganic insoluble phosphorus compounds to soluble Phosphate form that can easily be assimilated by plants.

CFU: Minimum 2×10^8 per ml

Application & Dosage:

Seed treatment 15-20 ml per kg seed
Soil application & Drip irrigation: 1 to 2 litre / Acre

Target crops :

All Cereal crops

Available Packing:

500 ml, 1,5 & 20 litre

Dr. Conso- Power

It is a unique consortium of different beneficial microorganisms.

Mode of action: These microorganisms secrete specific enzymes which effectively degrade the deposits of chemical pesticides over the fruits & vegetables. The consortium feeds on chemical for its growth.

Benefits:

It helps to reduce MRL level of selected pesticides when applied as per the recommendations.

Residue Manager can reduce the activity of fungal disease like Powdery mildew, downy mildew and Anthracnose.

Residue Manager can improve uptake of Phosphorus and Potassium when applied through soil thereby helps in plant growth also.

Application & Dosage:

Seed treatment 15-20 ml per kg seed
Soil application & Drip irrigation: 1 to 2 litre / Acre

Target crops :

All fruits & Vegetables crops

Available Packing:

500 ml, 1,5 & 20 litre

Dr. Mahakal (Bait & EPN Technology)

Bait & EPN are tiny microscopic organisms which prey on insects. Mass-produced agent manufactured from a living microorganism or a natural product & sold for the control of plant pests. An entomopathogenic organism should be highly specific & effective against the target pest & should be successfully produced. Standardized the optimum dosage for foliar application & minimum spray requirement.

Application & Dosage:

1 Kg per Acre

Target crops :

Can use in all crops

Available Packing:

1 Kg & 50 Kg Bag

ORGANIC FERTILIZER

Dr. Sarthi

Dr. Sarthi phosphate rich organic manure improves the physical, chemical and biological properties of the soil and increases crop production. It improves electrical conductivity of soil and enhances the activity of beneficial microorganisms in soil. It also balances the soil pH. It helps in humus formation. It also improves the germination percentage of seeds and helps in effective root development. It improves the resistance power of crops against various disease. It is a complete Eco-friendly product.

Application & Dosage:

Dose: 1-2 Bag per acre

Target crops :

Can use in all crops

Available Packing:

50 Kg Bag

Dr. Bhu- Samrudhii

Organic manures increase the organic matter in the soil. Organic matter in turn releases the plant food in available from for the use of crops. However, organic manures should not be seen only as carriers of plant food. These manures also enable a soil to hold more water and also help to improve the drainage in clay soils. They provide organic acids that help to dissolve soil nutrients and make them available for the plants. Dr. Bhu- Samrudhii can improve uptake of Phosphorus and Potassium when applied through soil thereby helps in plant growth also.

Application & Dosage:

Dose 10 Bag per Acre

Target crops :

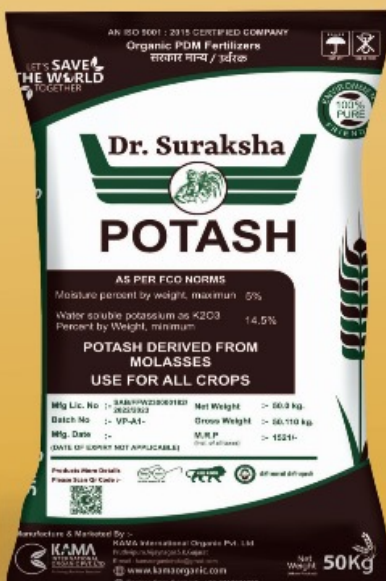

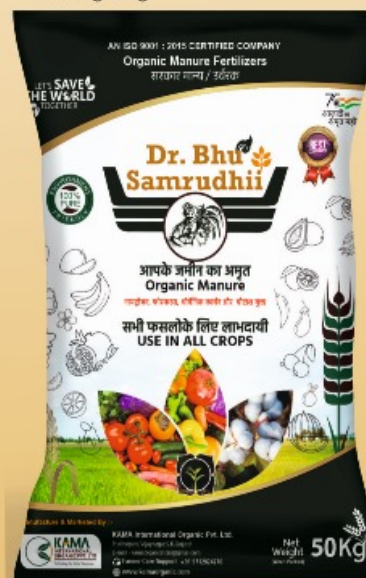

Can use in all crop

Available Packing:

50 Kg Bag

Dr. Suraksha

Dr. Suraksha is a potassium rich fertilizer derived from molasses which we offer as an alternate to the existing potash fertilizers at a much more economical rate. This fertilizer plays a major role in both the vegetative growth phase of plants as well as in the productive phase.

Application & Dosage:

1 Bag per Acre

Target crops :

Can use in all crops

Available Packing:

50 Kg Bag

KAMA ORGANIC PRODUCTS

Dr. Drip Clean Safe

Drip clean and safe bio degrades the organic stuff in the drips and also cleans the solid content settled in the field. This digested organic content is good nutrition for the crop. It's a biological combination of microbial consortia, BM Water, Acetic acid, Adjuvant and photochemical is engineered to immediately digest and decompose a broad spectrum of algae, bacteria, fungal slimes and mineral deposits and restored uniform distribution and claimed discharge rate throughout the drip irrigation system.

Application & Dosage:

1-2 Litre/acre of the Drip clean and safe should be mixed with 100 litre of water and inject into lateral through venture at the end of irrigation and leave for 24 hours. Then flush the Drip line.

Target crops :

Can use in all crops.

Available Packing:

1 Ltr, 5 Ltr

Dr. Aekaksh

Dr. Aekaksh is developed in nano capsule with neem extract. It have long lasting result makes plant insect and disease free. It banace Ph of the soil so plant grow naturally.

Application & Dosage:

Drip and foliar Application: 5 ml / 1 acre

Target crops :

Can use in all crops

Available Packing:

5 ml, 1 Ltr, 5 Ltr.

Dr. Agri King (Seed Treatment Special)

Dr. Agri King is a research-based product containing natural plant extract with naturally available vegetable protein. It is a plant Energizer, that controls Root Disease and yield Booster. It is a plant canopy and induces flowering and thereby increases the yield.

Dr. Agri King contains billions of beneficial bacteria. Dr. Agri King is great for potato seeds, vegetable seeds and commercial applications.

Application & Dosage:

Dosage: 200 ml per Acre
Spray on affected part(root/stem/leaves) of the plant
Repeat spray after 7-8 days, for better results.

Target crops :

Can Be Use In All Crops For Seed Treatment & Root Treatment.

Available Packing:

1 Ltr, 5 Ltr

KAMA NEW ARRIVAL PRODUCTS

Dr. Fruit- GARD

Dr. Fruit- GARD Block Control fruit fly. Dr. Fruit- GARD attract fruit fly then fly caught in trap so yield grow disease free healthy.

Application & Dosage:

Dosage: 5-10 Block per Acre

Target crops :

Can use in fruit crops.

Available Packing:

1 Block

Dr. Veg- GARD

Dr. Veg- GARD is use in vegetable crop for control Fruit fly. Easy to use. For season long control of fruit fly.

Application & Dosage:

Dosage: 5-10 Block per Acre

Target crops :

Can use in Vegetables crops

Available Packing:

1 Block

Our Future Products

- 1) Dr. Maha Uria - Nitrogen Generator Microbes.
- 2) Dr. Amrit - Low Cost Plant Growth Regulator.
- 3) Dr. Veed-Go - Organic Weed Controller.
- 4) Dr. Kumbh - Low cost Insect Controller.
- 5) Dr. Sahastra - 1000 NPM -Natural Microbes.
- 6) Dr. 1-MG - 1 GM PER Acre Microbes.
- 7) Dr. Suvarna K205-51 - 51% Natural Postash.
