

Matrix Premium Wall Cabinets

The Matrix range of 19 inch wall cabinets is suited for use in the data, telecoms , security and audio applications. The cabinets come as standard in black colour with a Glass front door and removable side access panels - all fitted with key-alike locks, they are supplied ready assembled to make installation easier. Alternatively, these cabinets can be supplied in flat pack if preferred. The 2 section Cabinets have a rear section 100mm in depth and fitted to the wall first - the front section is attached with a quick fitted hinge - making for very easy installation and allowing easy access to the rear of equipment mounted in the front section.
