Tract Ministry Follow-up

Providing opportunities for follow-up is a crucial part of effective tract evangelism.

Invite Conversations: We encourage you to include contact information whenever possible. This can be as simple as adding a sticker or stamp to the back of tracts you distribute. For your convenience, we can print up to 5 lines of information about your church or ministry on most of our Gospel Tracts. See **mwtb.org/imprint** for details.

Additional Resources: You'll notice that most of our tracts point readers to our follow-up ministry, SeekLife.net. This website has a growing collection of resources to answer common questions and objections to the gospel. It also connects visitors to Need Him Global through online chat, text messaging, and phone calls so they can have one-on-one conversations about what it means to follow Jesus Christ.
