

Mighty Mule Smart Gate Openers: **SMART, SIMPLE, SMOOTH**

Mighty Mule introduces a new line of smart gate openers – the first smart DIY automatic swing gate openers in the industry. These gate openers bring unrivaled convenience with smart features that allow control from anywhere using your smart phone app. Our smart gate openers offer the latest innovative features but continue with Mighty Mule's legacy of DIY simplicity and rugged, reliable performance.

SMART:

Control and monitor your gate from anywhere with the Mighty Mule app, your smart phone and with the MMS100 Kit (sold separately). The MMS100 Wireless Connectivity System enables communication with gates that are installed up to 1/2 mile from your house – more than anyone in the industry.

SIMPLE:

Mighty Mule smart gate openers provide fast, easy installation. We provide you all of the standard installation hardware, manuals and how-to videos to help you complete the job.

SMOOTH:

Mighty Mule Smart Gate Openers provide reliability and solid, superb performance. Our products provide smooth, secure operation, soft start and stop, and fast, reliable gate operation - 40% faster than the competition!

Control and monitor your gate from anywhere using the Mighty Mule App on your smart device. Requires the MMS100

The MMS100 with the Mighty Mule App can control and monitor your gate opener up to 1/2 mile away from your home.

ACCESSORIES (Sold Separately)

- 1**  **Three-Button Entry/Exit Remote (MMT103)**
This is the standard three-button remote included in 7th generation opener kits. Includes a visor clip and a type 2032 battery.
- 2**  **Digital Keypad (MMK200)**
The digital keypad provides secure access to your property. It can be programmed to use up to 25 different personal identification number (PIN) codes. Temporary codes can be programmed to last from 1-7 days.
- 3**  **Wireless Intercom/Keypad (MM136)**
This versatile digital wireless intercom with built-in keypad system is ideal for any residential application, alerting you of visitors and allowing you to grant permission for gate opener activation from the safety of your home. The intercom provides superior range with crystal clear two-way wireless communication up to 500 ft. (152.4m) and can support up to three additional base stations (F3101MBC) to allow access from multiple rooms.
- 4**  **Keypad Mounting Post (FM100)**
This black powder coated digital keypad mounting post is designed to provide convenient mounting of any Mighty Mule Keypad.
- 5**  **Driveway Vehicle Sensor (FM138)**
The gate opening sensor offers hands free operation of the Mighty Mule Gate Opener. Can be buried up to 50 feet from gate and has 12 ft. (3.7 m) radius of vehicle detection. Compatible with all Mighty Mule Gate Openers.
- 6**  **Wireless Driveway Vehicle Sensor (FM130)**
The wireless gate opening sensor offers hands free operation of the Mighty Mule Gate Opener. It features a wireless range of up to 100 feet from the gate and has a 12 ft. (3.7 m) radius vehicle detection range. It is compatible with all Mighty Mule Gate Openers.
- 7**  **Automatic Gate Lock (FM143)**
A MUST for added security. Locks and unlocks automatically as gates open and close. For use with Mighty Mule gate openers. Recommended for gates over 8 ft. (2.4 m) long. Ideal for high wind areas.
- 8**  **Pin Lock (FM133)**
The Pin Lock is a substitute for the factory pin at the front mounting point of all models of Mighty Mule Gate Openers and the chains of the Mighty Mule Slide Gate Openers. Ideal for preventing theft of your Gate Opener and stopping unwanted access to your property. Dual gate openers require two pin locks for installation.
- 9**  **Solar Panel - 10 Watt (FM123)**
The solar panel charging kit keeps your gate opener battery charged in remote locations. Includes a strong steel support mounting bracket and required installation hardware. It is compatible with all Mighty Mule Gate Openers.
- 10**  **Wireless Connectivity System (MMS100)**
The required accessory to make your Mighty Mule Gate Opener "Smart". This Wi-Fi module allows for communication (monitoring and control) of your gate opener from anywhere using a smart device. This system is compatible with Mighty Mule Smart Capable Gate Openers installed up to 1/2 mile from your home's router. Wi-Fi is required for operation.
