

Professional Office/Contact Centre

Suitable for both hearing aware and hearing impaired users

JPL-HAC

The JPL-HAC is a **super light-weight** affordable professional office and contact centre headset that has been especially fitted with an inductive coupler, making it compatible with most hearing aids.

This headset is ideal for work calls, by switching the “T” mode on your hearing aid on, the phone conversation is heard clearly and the background noise is blocked out.

The JPL-HAC (with 50mm ear cushions) is an on-ear headset that sits on the ear. It transmits sound through the opening in the centre of the speaker and needs to sit directly over your concha where the microphone of your hearing aid will pick up the signal. This style of headset is recommended for CIC and IIC hearing aids and can also be used with ITE, ITC, BTE and RIC hearing aids with a little adjustment to the placement of the speaker to avoid any feedback.

The JPL-HAC is supplied with both 50mm and 70mm ear cushions, giving you the choice of wearing styles. The 70mm ear brings the headset into the over-ear headset category as it covers the whole ear. This size is the preferred style for ITE, ITC, CIC, and IIC, and can also be used with BTE and RIC hearing aids with a little adjustment to the placement of the speaker to avoid any feedback.

TECHNICAL DATA

Microphone:	
Impedance:	2.2kΩ
Sensitivity:	-32dB ± 3dB at 1kHz
Directivity:	Bi-directional
Frequency Range:	50Hz~20kHz ± 6dB
Distortion:	Less than 3%
Power Supply:	3V DC
S/N Ratio:	More than 58dB
Speaker:	
Impedance:	150Ω ± 15% at 1kHz
Sensitivity:	93 ± 3dB at 1kHz 60mV Input
Max Input Power:	100mV
Frequency Range:	100Hz~6800Hz
Distortion:	Less 3% at 1kHz 60mV

Overview

Features	JPL Telecoil technology - Inductive coupler - compatible with most hearing aids
	Single or dual ear
	Left / right ear side compatible
	Weighted filter for clear Surround Shield™ ultra noise cancelling microphone with static shock protection
	Wideband enabled speakers with Sound Shield™ acoustic shock protection
	'Put and stay' ratchet microphone boom arm
	Overhead, sure-fit fully adjustable headband
	Fitted with 50mm leatherette ear cushions for maximum all day comfort, 50mm leatherette ear cushion supplied as spare
What's included	Headset Tough Case, spare 50mm leatherette ear cushions, headset hanging hook, clothing clip and quick start guide
Headset Weight	~ 48g / ~78g
Connection	PLX fitted as standard or GN** compatible QD options
Compatibility	For full range of bottom leads* and compatibility information - Go to Jpltele.com
Certifications	FCC, CE, RoHS, REACH
Warranty	3 Years Warranty - includes 2 years standard no quibble repair or replace warranty PLUS a 3rd year cover on all non-moving parts
MOQ	Master Shipping Carton: 32
EAN:	JPL-HAC-1: 5060126956983, JPL-HAC-2: 5060126956990
SKU:	JPL-HAC-1: 575-300-001, JPL-HAC-2: 575-300-002

PLX = Plantronics compatible QD

* optional to purchase separately.
** GN QD available on special request
