# About Us

Krypton Stainless Pvt. Ltd. rolled out with brand Name Tuff Plus in 2023 with an affirmation to manufacturing a wide array of Stainless Steel & House Ware or tiffins products. Offered products range consists of multiple Colored & Designs Stainless Steel Water Bottles, This offered range is designed using quality tested material and ultra modular technology.

In addition to this, these products are applauded for their simple design, light weight, leakproof, 24-hour hot & cold, vacuum insulated, rust proof easy to clean, strong construction, & longer service life. Ever since our strong minded team has been rendering eco-friendly and lasting solutions. We are glad to swap the destructively polluting plastic with our sustainable, green, and economical alternatives like a single wall, stainless steel tri tech vacuum insulated bottles plus stainless steel tiffins. We believe in our comprehensive trials for high quality and 100% safe bottles. Since day one, we have been keen on innovative, stylish, and affordable alternatives to plastic. After four sincere years of producing for OEM, we launched our BPA - free range as Tuff Plus Stainless Steel in 2023. It is our golden moment to say that our production is wholly Made In India contributing to employment and economic growth rate.

We have constructed a well - equipped infrastructure facility. Our manufacturing units help to cater to the huge demands of our clients with in the scheduled time frame. With the valuable assistance of a skilled team of experts and a uniform management system, we carry out the processes of procuring the basic material to the delivery of quality approved products. We have segregated our infrastructure for the smooth flow of the entire manufacturing work. It is our feat of being not only India's but the World's largest manufacturer of stainless steel bottles. Our production capacity is 200000 bottles / month in Reengus, Rajasthan. Tuff Plus Stainless Steel strives to support the ecosystem by replacing plastic. Join hands with us to do a little more and use a little less for an enhanced future for our planet.

**VISION:** To be a world class, innovative & progressive organization and to build world's most desirable brand.

**MISSION:** Our mission is to introduce eco-friendly, high quality and designer products into the mainstream consumer market.
