

DURACODE 260-T/260-K CONTINUOUS INKJET (CIJ)

CONTINUOUS CODE. CONTINUOUS UPTIME.

The DuraCode CIJ printer is designed to deliver the best quality code, day in and day out, continuously. Our feature-packed CIJ printer, available in a touch screen or keyboard model, offers cost saving with a single part service and solvent consumption saving system. Add in InkJet, Inc.'s fluids, parts & service and downtime will be the least of your worries!

RELIABLE OPERATION

When you require a printer/coder that will hold its own and do the job you need, the DuraCode CIJ can deliver clear code, continuously. It has a stainless steel design with a simple, high resolution operator interface.

QUALITY PRINTING

The automatic monitoring system allows for quality print consistently. In addition to the quality of the code that the printer provides, InkJet, Inc. offers the fluids that are backed by a quality control process that is unmatched in the industry.

POWERFUL & FLEXIBLE

The DuraCode Series of CIJ printers offers print data options through network and local scanners and gives a powerful performance with a low cost of ownership. It has a modular, well protected IP55 industrial structure and the ability to quickly change the filter and fluids keeps your manufacturing line up and running.
