

LIGHT FAST STAINS

CLASSIQUE STAINS

LIGHT FAST STAINS

A range of fast drying alcohol-based stains suitable for hand, spray or dip application. The standard range consists of popular primary colours and a selection of the most widely used wood colours. Formulated to provide excellent definition and depth of colour. This range is also suitable for tinting Morrells Precatalyst and Acid Catalyst lacquers up to a maximum of 5% by volume (Acid Catalyst should be catalysed prior to tinting).

CLASSIQUE STAINS

A range of fast drying solvent-based stains suitable for hand, spray or dip application. The standard range consists of the most widely used wood colours. Formulated to provide an excellent definition and depth of colour. This range is also suitable for tinting Morrells Precatalyst up to a maximum of 5% by volume. 134/ stains are slower drying for easy movement over larger areas. 135/ stains are designed for spray and leave applications.

Due to the technical limitations of the print process, these colour swatches should serve as a guide only. We accept no responsibility for colour variation, and advise clients to consult the product's data sheet prior to use. Morrells products are intended for professional use only.

Morrells also provides a bespoke colour match service.

PLEASE ENSURE RELEVANT P.P.E. IS USED WHEN APPLYING MORRELLS PRODUCTS
