

Colleen Plank - Contemporary Textile Artist - Tutor - Exhibitor - Maker

Choosing Nelson, New Zealand to study the Diploma in Handwoven Textiles at NMIT was pivotal in introducing me to many opportunities to develop myself as a Textile Artist and Tutor. Followed by attending numerous Fibre, Textile and Design workshops with leading international tutors has been profoundly influential in developing my knowledge and skills, and encouragement to show my textile work nationally and internationally. Over the past few years my textile work has been exhibited in Australia, USA, Hong Kong, UK, Mexico, Japan and Ireland with several pieces purchased for private collections.

“Being creative with textiles is the one constant that keeps me stimulated and connected with wonderful people and places.”
