Salt for the Barbeque!

July 4th is right around the corner and what's better for any July 4th BBQ than your average table salt? Below the bustling sidewalks of State Street, lies 45 tons of 250 million year old pure Himalayan Crystal Salt, perfect for seasoning your BBQ celebration. The products at the Salt retail shop don't only taste good; they are good for you too! They contain 84 natural and trace elements that are essential to cellular health.

During this season of BBQ's, picnics, and parties, why not take your grilling a step above the rest and add some flavor to your BBQ. Himalayan Crystal Salt can help make grilling up your summer favorites easier and more exciting with healthy, unique salt licks, slabs, rubs, and more. Feel confident in what you bring to the table this July 4th by adding these unique and natural products to your BBQ celebration.
