

FILA FABRIC

ROSEMARY  
HALLGARTEN

# ROSEMARY HALLGARTEN

## Fila Fabric

A call back to Rosemary's early career when she worked with embroidery on alpaca fabrics, she now has introduced embroidery into her product line. Fila is a glamorous yet modern twist on embroidery with a gentle hint of sparkle and linear accents. Paired with the creamy white background of her classic Alpaca fabric, Fila brings a graphically elegant element to your drapery.

### DETAILS:

Composition: 100% Alpaca
