

CLOUD OMBRÉ RUG

ROSEMARY
HALLGARTEN

ROSEMARY HALLGARTEN

Cloud Ombré Rug

True to its namesake, this rug is soft as a cloud both visually and underfoot. Designers and clients alike are drawn to its ultra plush texture and when we sample it for them they cannot help but rub their hands through it and admire its decadence.

With this newest Cloud pattern, Rosemary has paired three popular colors from the Cloud collection to create a modern twist on her signature ombre look. The fibers are incredibly plush and luxurious with a texture reminiscent of the finest shearlings.
