ROSEMARY HALLGARTEN

Confetti Rug

Rosemary brings a fun twist to her original boucle rugs. Confetti is sprinkled with a spectrum of vibrant colors. This pebble boucle rug is grounded with a creamy white that lends itself to work in many neutral settings and brings a subtle splash of color in a sophisticated way. Its multi-hued palette makes it a perfect pairing for a wide range of our products but we are exceptionally fond of it when it is next to our Sherbet Watercolors.
