ROSEMARY HALLGARTEN

Dauphine Fabric

Building on the popularity of Rosemary's soft and textural indoor/outdoor fabrics, Paola and Froth, the latest addition, Dauphine, continues the legacy. With contrasting textural elements and the ultra-soft performance features perfected by Rosemary, Dauphine is the perfect addition.

While the white-on-white Swan color is sure to be a fast favorite, the gentle contrasting elements of Poplar and Wheaten add an extra layer of dimension.
