ROSEMARY HALLGARTEN

Daydream Fabric

The finest and softest alpaca fibers are sourced from alpacas of all ages to make baby alpaca. The term “baby” refers to the fineness of the fibers. By using the thinnest and most delicate fibers from these special alpacas is what makes Daydream such a beautiful and lightweight fabric. Daydream is the brushed version of our Unbrushed Solid that you know and love. Our Daydream Fabrics and Throws are undyed.
