ROSEMARY HALLGARTEN

Flow Rug

As the originator in Alpaca rugs, Rosemary developed the Flow rug in response to the increasing demand for a Rosemary original alpaca rug, as well as the desire to create a textile that is incomparable in design and concept. Flow blends our classic alpaca rugs Pebble Boucle, Double Weave Boucle, and Zoe together in an organic pattern and joins them with a plush alpaca detail. The design can be customized and created uniquely for your clients.
