

LARIA  
FABRIC

ROSEMARY  
HALLGARTEN

# ROSEMARY HALLGARTEN

## Laria Fabric

Our Laria fabric combines the plush look of shearling with an enticing gold and black stripe to add glam. The contrast of the gold, linear lines and the rich plushness of the pure wool and mako cotton creates subtle tension. Laria is beautiful on sofas, chairs, and headboards. This does not require backing for upholstery use. Pair with Elia or use on its over for extra drama.
