ROSEMARY HALLGARTEN

Ombre Silk Rug

In order to create the most subtle ombre gradation, we take 4-6 colors and blend them to create over 20 tones in this handknotted 100-knot silk rug. The result is a lavish piece of art for the floor. This rug is the ultimate luxury for bedrooms and formal living rooms. The ombre design can be customized in a number of different options such as light to dark or dark to light to dark.
