## Rosemary Hallgarten

The Planta collection, part of the Brazilian line, was inspired by the abundance of unusual fibers such as banana, raw silk, jute, sisal, leather, cotton and wool in the street markets of that country. **Brisas** are one and two-tones flatwoven rugs of tightly woven cotton. Their simplicity is ideal for the casual aesthetic of a beach or country home. All rugs are reversible. 1 Simms Street, Suite 250, San Rafael, CA 94901; 415-456-2588; [rosemaryhallgarten.com](http://rosemaryhallgarten.com). circle 687
