

BOMAR METAL BAND SAW EASYCUT 275.230 DG

Article Number: **78900**

EAN Code: **9004853789007**

TECHNICAL FACTS

PRODUCT HIGHLIGHTS

EasyCut

h3> 275.230 DG universal

metal band

saw is a universal gravity band saw with a robust cast iron saw frame and 27 mm high band saw blade. Accurate guidance of the bandsaw blade, a saw frame joint positioned in prestressed tapered roller bearings and synchronised brushes for chip removal are an excellent basis for effective performance of the system and a long service life for the saw band. The pressure during cutting is applied by the weight of the saw frame. The lowering speed of the saw frame is continuously controlled by a hydraulic cylinder with overflow valve. After cutting the material and switching the saw blade off, the saw frame can be raised manually. The saw band is driven by an industrial two-speed drive with worm gear.

BOMAR METAL BAND SAW EASYCUT 275.230 DG

Standard features

- Sturdy cast iron frame
- Quick-release vice
- Start/stop function
- Carbide saw blade guides
- Bandsaw blade BI-metal

Special accessories

- LaserLiner-Lasermeeleitlinie
- Micro-spraying device 24V

SPECIFICATIONS	
cutting range max.	275x230 mm
Saw band length	2720 mm
saw band height	27 mm
Saw band width	0.9 mm
Cutting angle	45-0-60 °
speed gradually	2
cutting rage 1/2	40/80 m/min
saw blade drive engine power	1100 /1500 W
voltage	400/50 V/Hz
infeed height	978 mm
remnant piece length	20 mm
Length	1588 mm
Width	1150 mm
Height	1477 mm
Weight	370 kg
