

## SUCTION ARM IN HOSE VERSION 7 M

Symbol Photo

incl. extraction hood, boom and wall bracket,  
Length:, Ø 150 mm (type no. 79 007)

Article Number: **55554**

EAN Code: **900485355541**

## TECHNICAL FACTS

- Fast working due to particularly flexible adjustment with only one hand
- 40% less adjustment of the extraction arm due to flow-optimised design of the cover
- Holds the set position unsupported by means of internal supporting elements with spring support
- From 5m version, there is the possibility to attach tools or wire feeders up to 50 kg to the boom by means of an integrated C-rail with trolley = ideal for avoiding tripping hazards
- Various connection options for extraction arms on fans, stationary units or via a pipe to a central extraction and filter system

## PRODUCT HIGHLIGHTS

### Applications

- Large amounts of smoke/dust
- Permanent use
- Welding fumes, gases, vapours, light dust
- For wall mounting or on columns
- For connection to fans or central extraction systems

## SUCTION ARM IN HOSE VERSION 7 M
