

INTENSIVE CLEANER

Highly effective special cleaner, ideal for intensive cleaning!

8019 Clear

PRODUCT DESCRIPTION

Highly effective, lightly alkaline special cleaner for removing organic and inorganic deposits in indoor areas. Ideal for intensively cleaning oiled and waxed surfaces before the actual surface treatment with Osmo finishes.

RECOMMENDED USE

Osmo Intensive Cleaner is ideal as an alternative to sanding all wood surfaces treated with oils and waxes, e.g. flooring or furniture.

CONTAINS

Alkaline basic cleaner (according to EC Regulation 648/2004 on detergents): <5% cationic tensides; non-ionic tensides; silicates; complexing agents; NTA and additives. Detailed declaration of ingredients available upon request.

TECHNICAL DATA

Specific gravity: 1.01-1.03 g/cm³
Odour: faint/mild, after drying odourless
pH value (10g/l): 10.9

STORAGE

Up to 2 years and longer if container is kept dry and closed tightly.

SURFACE PREPARATION

Remove loose debris from the surface with a firm broom or hand broom.
Dilute the concentrate from 1:10 to 1:20 with water.
A trial application is highly recommended.

DIRECTIONS FOR USE

Apply cleaning solution to the dirty area, loosen dirt deposits and afterwards remove these with clear water. For machine applications on flooring, we recommend the use of a single disc machine (e.g. Osmo Floor-Xcenter) with a brush ring, a red or green pad. Remove dirt deposits with Osmo Micro-Mop Plush or a lint-free cotton cloth. After drying, recoat oiled or waxed surfaces with an appropriate Osmo wood finish, e.g. Osmo Polyx®-Oil.

CLEANING OF TOOLS

With water.

DRYING TIME

Before beginning with surface treatment, allow cleaned surface to dry thoroughly and completely, at least 3-4 hours.

COVERAGE

1 liter covers approx. 322-1076 ft² with one application, depending on the amount of dirt and stains.

NOTE

Do not use undiluted. Osmo Intensive Cleaner may lead to discolorations or surface changes on unfamiliar subsurfaces. Woods rich in extractives (in particular Oak) discolour when coming in contact with undiluted Intensive Cleaner. Even when diluted, always carry out a trial application. Avoid allowing the solution to dry. Not suitable for daily cleaning and maintenance.

CONTAINS

Disodium metasilicate. Causes skin irritation. Causes serious eye damage. Reacts with acids with evolution of heat. Risk of splashing! The general safety regulations when handling chemicals must be observed.

Danger: Keep out of reach of children. Read label before use. Wear protective gloves/eye protection. Wash hands thoroughly after handling. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF ON SKIN: Wash with plenty of soap and water. If medical advice is needed, have product container or label at hand. Store in a closed container.

DANGER

DISPOSAL

Completely empty containers can be disposed of normally. Left over material should be disposed of in accordance with local or regional special/hazardous waste rules and/or regulations.
