

Our softest, lowest-linting all purpose towel.

A versatile towel that delivers lasting performance especially when wet.

Features and benefits

Made from non-woven spun lace cellulose/ polyester fabric, MediClean™ is ideal for a wide range of dry or wet CSSD applications. Its high cellulose content makes MediClean™ a favourite with nurses seeking a soft towel that's gentle on their hands. MediClean™ towels are ideal for use as a tray liner and applications where the towel is soaked in water for long periods of time.

- ✓ Lasting performance, even in warm water
- ✓ Exceptional low linting performance
- ✓ Soft and gentle on hands
- ✓ Superior wet and dry strength
- ✓ Absorbs up to 5.5 times its weight in fluid
- ✓ Latex free
