## Extended E-Course on Holy Spirit

Booking: [www.JohnCrowder.Net/Spirit](http://www.JohnCrowder.Net/Spirit)

With more than 20 course hours, this unique learning module with John Crowder, Dr. C. Baxter Kruger and Rod Williams includes extensive lectures on Holy Spirit, including activation exercises, panel discussions and question and answer sessions. Charismatic experience and a robust theology of Holy Spirit must be united. The early church fathers considered mysticism and theology to be one in the same. Many theologians today are limited in their grasp of Holy Spirit. Charismatics, while open to experience, often lack a mystical theology which limits their experience, confining Holy Spirit's role to a handful of formulaic giftings. Holy Spirit is indeed beyond man's comprehension. But it is Holy Spirit who awakens our understanding. Over twelve weeks, we hope to expand our minds, our hearts and our tangible awareness of God's presence as we focus on the "silent" Person of the Godhead ... Holy Spirit, who together with the Father and the Son is to be worshiped and adored.
