

FRET LIGHT[®]
WIRELESS

System Operation

- ✓ Push the ON/OFF button once to activate the Bluetooth pairing mode. The blinking lights indicate the system is ready to pair. If not paired within 30 seconds the system will automatically turn off. Repeat if necessary.

- ✓ Press and hold the ON/OFF button for 3 seconds to turn the system off and clear its memory. All LEDs will light-up before the system shuts down. The guitar must be completely shut-down before pairing to a new device.
- ✓ The system will shut-off automatically after 60 minutes of inactivity.
- ✓ To check the battery level, press the ON/OFF button twice. LEDs will display across the 5th fret. 1 LED indicates a low charge, 6 indicates a full charge.
- ✓ Use any UL approved micro USB charging port and cable. A full charge takes about 4 hours.

Resources

- ✓ For information on our mobile and desktop/laptop software, please visit our website www.fretlight.com.
- ✓ For a step by step guide on how to connect your Fretlight to your mobile device or desktop/laptop computer, please refer to the "How To" section of our website www.fretlight.com.
- ✓ The Fretlight Wireless guitar requires your mobile device or desktop/laptop computer to have Bluetooth® BLE (4.0 or greater).
- ! Do not operate your guitar while charging! This could potentially damage the USB port and void your warranty.

CAUTION

IF DAMAGED

LITHIUM ION or LITHIUM POLYMER RECHARGEABLE BATTERIES INSIDE

Do not damage or mishandle this package. If package is damaged, batteries must be quarantined, inspected and repacked.
