

The system is designed with 4 widths and 3 heights and can be easily configured into different shapes and formats to suit a home or office space. They're made from strong aluminium like our wall mounted system but come with a larger range of colours, including 9 standard powder coated colours. Available with or without fold down doors to hide your things away or left open to show things off. They can be used as a long bookcase or media walls but have also been designed to hold TV's, vinyl and record players. The modules are up to 1.6m in length but can be bolted together to create long architectural runs to fit a space.

TALL SYSTEM MODULES & CONFIGURATIONS 170CM HEIGHT (1715MM)

MEDIUM SYSTEM MODULES & CONFIGURATIONS 90CM HEIGHT (915MM)

SMALL SYSTEM MODULES & CONFIGURATIONS 50CM HEIGHT (515MM)
