## Care and Maintenance

### Recommended Procedures

Dust down with a soft, clean brush if and when necessary. Water or cleaning agents should not be used.

To reduce the risk of fire, please make sure that notices on the board do not protrude out of the board area and are in single layers. Notice boards should not be fitted near, or directly above any gas heaters or other sources of combustion.

*Disclaimer: The above cleaning/maintenance recommendations have been derived from years of practical experience and should be regarded as helpful guidelines only.*
