# Exterior Weatherproof Tradition Noticeboard

Slimline, elegant and compact exterior case which protects your documents outside. Safe, secure, waterproof & lockable

- A narrow 30mm profile and internal clearance 15.5mm

- Portrait door or dual-door according to size

- 4mm Plexichoc® vandal-resistant glazing

- Waterproof elastomer seal and anti-condensation vents

- Tamperproof safety lock with hidden latch, supplied with 2 keys

- Galvanised steel background in a white lacquered finish for use with magnets

- Full Display - 100% of the display surface visible (lock mounted on the door not the glazing)

- Hinge-free: wear-resistant, warp-proof integrated hinge

- Frame: silver anodised or painted in RAL colours (bordeaux 3004, green 6005, blue 5010, brown 8017, black 9005). Also available in any RAL colour at an additional cost. Contact us for details.

- Rear painted grey RAL 7032

- Magnets supplied (1 per A4)

- 5 Year Guarantee

- All wall mounted noticeboards have predrilled holes in the back for easy fixing to the wall. Fittings not supplied

- All noticeboards are maintenance free, and we would suggest the best way of cleaning the noticeboards is with a cloth and water only

- Wall or post mounting - post mounting kits available. Plus a choice of optional accessories: decorative header boards, LED lighting kits, additional magnets - contact us for details.

Code for anodised*	No. of A4 sheets	Window size	External Dimensions	Door type
505000	2	303x453mm	H400 x 550mm	Portrait
505001	4	653x453mm	H750 x 550mm	Portrait
505002	6	653x653mm	H750 x 750mm	Portrait
505060	8	733x883mm	H830 x 980mm	Portrait
505003	9	953x653mm	H1050 x 750mm	Portrait
505075	8	2 x 653x516mm	H750 x 1200mm	Dual-door
505076	18	2 x 953x616mm	H1050 x 1400mm	Dual-door

*replace first 5 with a 4 for painted frame e.g. 505000 becomes 405000

2-noticeboard mounted on posts. Contact us for de

Materials and standards:

Aluminium profile: EN AW 6060 - BS EN 573-3.

Anodised profiles undergo electro-chemical treatment resulting in a 15 μ thick protective surface coating of aluminium oxide. Painted profile are powder coated using polyester powder to 60μ then oven-baked at 180-200°C. All paint finishes ar UV treated to ensure that the original colour is not lost over time.

Plexichoc glazing: transparent organic UV blocking glazing material with good shock resistance ISO 7032-2.

Security glass: tempered glass BS EN 12150-1.

Aluminium posts: EN AW 6106, EN AW 6060 and EN AW 6063 - EN 755-2, providing high mechanical strength.

Lighting kits: All the notice boards can accommodate a lighting kit, comprising 2 LED strip (one for the top & one for the bottom) with a transformer to be installed outside the noticeboar Please be aware that the LED ribbons & transforme are not factory fitted and require installation by a qualified electrician. Illuminated poster display cas and light boxes comply with European directive CE/73/23 and BS EN 60-598.
*under normal operating conditions.
