In 2017, CA/T: Columbia Artists/  
Teachers initiated virtual creative  
writing courses in collaboration  
with Tumo Center for Creative  
Technologies in Yerevan.

Due to the success of these online  
courses, four MFA students visited  
Yerevan to teach fiction,  
nonfiction, and poetry workshops  
in person. The program has further  
expanded with courses now offered  
both in Yerevan and Gyumri.
