

NAASR LIBRARY PERIODICALS

TITLE	RELEASE	LANGUAGE	YEAR	VOLUME	ISSUE
<p>This is the complete list of periodicals in the NAASR library. Titles listed in BLACK FONT are in Armenian, titles in RED FONT are non-Armenian, including English, English/Armenian, French, Italian, Russian, etc. Rows highlighted in blue are non-Armenian language issues we currently have in the stacks. Highlighted orange rows are available Armenian language issues in the stacks.</p>					
	Indicates the whether publication was released on a daily, weekly, monthly basis. *Note* when the release of a publication changes from one interval to another, the publication is listed divided into those new categories. Please note, "bi-monthly"	Indicates language of publication. *Note* periodical issues printed in both Armenian and English have been listed as English language only.	Indicates publication year. *Note* each publication is listed for each year individually.	*Note* volumes have been listed singularly, and years have been combined in previous column to keep volumes whole where possible.	*Note* issues have been listed individually except where the library has a consistent set of issues. In this case the first issue and last issue in the set have been separated by a hyphen (-). Where two issues have been released as one, the issue numbers are separated by a forward slash (/). Where no issue numbers are displayed the set should be assumed complete. Where two issue numbers appear on one issue (e.g. one in Armenian, or French, and one in English), I have used the issue number provided in the same language as the publication.
