UPDATE 2023

About Us

BETON has been making a difference in the "Natural Stone & Tile Industry" since its inception in 2019.

BETON STONE SOLUTIONS INDIA PVT LTD was founded by Varun Wadhi, Ramnik Vanra & Sanil Kumar with a vision to become a global leader and provide high quality, innovative, and sustainable products that empower our customers.

THE POWER OF BETON PRODUCTS IN YOUR PROJECTS

BETON provides a comprehensive range of products & services for all types of natural stones & tiles, including surface preparation, installation, fabrication, treatment, restoration, protection & maintenance. As a result, your team is equipped with everything they need for a successful project. Make your best workmanship happen with BETON professional products and "EXPERIENCE THE DIFFERENCE" Let us work together to create something incredible.

WHAT MAKES US DIFFERENT

#1 THE PEOPLE

Our BETON team works with great dedication and motivation to achieve customer satisfaction, which is our primary goal. Our team consists of highly experienced professionals with over two decades of experience in the natural stone and tiles industry, which enables us to simplify communications, improve experiences, engage and inspire our customers globally.

#2 THE PRODUCT

As a leader in offering superior quality products, BETON offers our customers a wide array of professional materials, such as Stone & Tile Adhesives, Admixtures, Polyester/Epoxy Joint Fillers, Clear Epoxy Resins, Penetrating Sealers, Densifiers, Specialized Cleaning Chemicals, Diamond Abrasive Tools, Professional Polishing Machines, Professional Tiling Tools, Ancillary tools, Chemicals and others, that allow them to customize their surfaces. Using it, ordinary spaces can be transformed into remarkable ones.

BEZILLO®

POLYESTER RANGE

BEZILLO GLUETIX - CREAM SOLID

Knife grade solid glue for natural stones, quartz & ceramic.

BEZILLO GLUETIX is a thixotropic solid glue specially formulated with medium viscosity used to glue and fix marble and other natural stone both in vertical & horizontal applications. GLUETIX is very easy to spread due to its knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality knife grade polyester glue
-  Excellent adhesion & reactivity in all temperatures
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1.5 Kg + Hardener
Art No: 99.000.01

BEZILLO GLUETIX - WHITE SOLID

Knife grade solid glue for natural stones, quartz & ceramic.

BEZILLO GLUETIX is a thixotropic solid glue specially formulated with medium viscosity used to glue and fix marble and other natural stone both in vertical & horizontal applications. GLUETIX is very easy to spread due to its knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality knife grade polyester glue
-  Excellent adhesion & reactivity in all temperatures
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1.5 Kg + Hardener
Art No: 99.000.02

BEZILLO GLUETIX - CREAM LIQUID

Knife grade liquid glue for natural stones, quartz & ceramics.

BEZILLO GLUETIX is a thixotropic Liquid Glue specially formulated with very low viscosity used to glue and fix marble and other natural stone in horizontal applications only. GLUE LIQUID is very easy to use due to its knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality knife grade polyester glue
-  Excellent adhesion & reactivity in all temperatures
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1.5 Kg + Hardener
Art No: 99.000.03

BEZILLO GLUETIX - WHITE LIQUID

Knife grade liquid glue for natural stones, quartz & ceramics.

BEZILLO GLUETIX is a thixotropic Liquid Glue specially formulated with very low viscosity used to glue and fix marble and other natural stone in horizontal applications only. GLUE LIQUID is very easy to use due to its knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality knife grade polyester glue
-  Excellent adhesion & reactivity in all temperatures
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1.5 Kg + Hardener
Art No: 99.000.04

BEZILLO KRYSTAL - TRANSPARENT SOLID

Knife grade solid glue for natural stones, quartz & ceramic.

BEZILLO KRYSTAL is a extra clear thixotropic solid Glue specially formulated with medium viscosity used to glue, repair and fix white & crystal based marbles and other natural stone both in vertical & horizontal applications. KRYSTAL is very easy to use due to it knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality extra clear knife grade glue
-  Excellent adhesion & reactivity in all temperatures
-  Easy to mix color
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1 Kg + Hardener
Art No: 99.000.05

BEZILLO KRYSTAL - TRANSPARENT LIQUID

Knife grade liquid glue for natural stones, quartz & ceramic.

BEZILLO KRYSTAL is a extra clear thixotropic Liquid Glue specially formulated with very low viscosity used to glue, repair and fix white & crystal based marbles and other natural stone in horizontal applications only. **KRYSTAL** is very easy to use due to it knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality extra clear knife grade glue
-  Excellent adhesion & reactivity in all temperatures
-  Easy to mix color
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1 Kg + Hardener
Art No: 99.000.06

BEZILLO ONYX - HONEY

Knife grade solid glue for onyx & natural stone material.

BEZILLO Onyx is a extra clear thixotropic solid Glue specially formulated with medium viscosity used to glue, repair and fix onyx & crystal based marbles and other natural stone both in vertical & horizontal applications. ONYX is very easy to use due to it knife grade technology. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality extra clear knife grade glue
-  Excellent adhesion & reactivity in all temperatures
-  Easy to mix color
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1 Kg + Hardener
Art No: 99.000.07

BEZILLO THASOS - GEL

Knife grade superior quality extra clear solid glue for natural stones, quartz & ceramic. Ideal for white material.

BEZILLO THASOS is a superior quality Solid Glue specially formulated with medium viscosity used to glue, repair and fix white marbles and other natural stone both in vertical & horizontal applications only. THASOS is very light color hence ensuring excellent results on white & light-colored stones. The cured mastic is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality extra clear knife grade glue
-  Excellent adhesion & reactivity in all temperatures
-  Provides shiny results after polish
-  Easy to mix color
-  Low shrinkage
-  Used by professionals

MATERIAL

- Natural Stones
- Quartz
- Ceramic

PACKING

1 Kg + Hardener
Art No: 99.000.08

BEZILLO®

EPOXY
RANGE

BEZILLO EPOTIX SPECIAL

Epoxy glue with extra strong bonding with very low yellowing properties for marble, granite, natural stones, quartz & ceramic.

BEZILLO EPOTIX SPECIAL is a thixotropic 2 component (A+B) extra clear solid glue specially formulated with medium viscosity used to glue and fix marble granite, quartz, ceramic other natural stone both in vertical & horizontal applications. EPOTIX SPECIAL is very easy to spread due to its knife grade technology. The product gives good gloss and brightness after polishing. The cured glue is easily polishable and sandable. It has an excellent adhesion; low shrinkage and the reactivity is very good even in cold conditions.

ADVANTAGES

-  Superior quality knife grade epoxy glue with extra strong bonding
-  Very low yellowing
-  Excellent adhesion & reactivity in all temperatures
-  Low shrinkage
-  Gives good gloss and brightness after polishing
-  Mixing ratio – 2:1 (a+b)

MATERIAL

- Marble
- Granite
- Natural Stones
- Quartz
- Ceramic

PACKING

Part A - 2 Kg + Part B - 1 Kg
Art No: 99.000.09

Part A - 1 Kg + Part B - 0.5 Kg
Art No: 99.000.10

BEZILLO CLARIPOX - W

Superior quality liquid epoxy resin + hardener specially formulated for white marble used for resining, repairing & netting of marble.

BEZILLO CLARIPOX - W is a superior quality extra clear transparent epoxy resin & hardener with low viscosity used for resining, netting & repairing of marble. The product is specially formulated for White marble with very low yellowing properties to sunrays. It has excellent adhesion and high hardness with low viscosity and low reactivity in order to penetrate deep into cracks and develop a superior bonding with the stone.

ADVANTAGES

- Extra clear transparent epoxy resin with low viscosity
- Very low yellowing to sunrays
- Recommended for indoor/outdoor use
- Mixing ratio 3+1
- Colorable with bezillo universal colorant paste
- Used by professionals

MATERIAL

- Marble

PACKING

Part A - 1 Kg + Part B - 0.35 Kg

Art No: 99.000.11

BEZILLO CLARIPOX - GP

Superior quality liquid epoxy resin + hardener specially formulated for colored marble used for resining, repairing & netting of marble.

BEZILLO CLARIPOX – GP is a superior quality extra clear transparent epoxy resin & hardener with low viscosity used for resining, netting & repairing of marble. The product is specially formulated for Colored marble with good stability to sunlight. It has excellent adhesion and high hardness with low viscosity and low reactivity in order to penetrate deep into cracks and develop a superior bonding with the stone.

ADVANTAGES

- Extra clear transparent epoxy resin with low viscosity
- Good stability to sunlight
- Recommended for indoor/outdoor use
- Mixing ratio 4+1
- Colorable with bezillo universal colorant paste
- Used by professionals

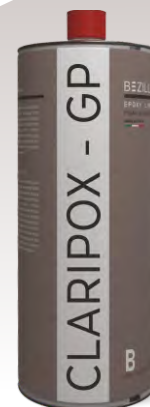

MATERIAL

- Marble

PACKING

Part A - 4 Kg + Part B - 1 Kg

Art No: 99.000.12

BEZILLO®

SEALERS & PROTECTORS

BEZILLO PROSHIELD ELITE 909

Superior quality water & oil repellent solvent based ready to use penetrating sealer for all type of natural stones.

BEZILLO PROSHILED ELITE is a superior grade ready to use solvent based penetrating sealer specially formulated to deeply penetrate into the stone and effectively seals and protects all stones surfaces against stains. It does not create any film or discolor the stone surfaces. It does not alter the natural look of the surface. It is recommended for both Indoor & Outdoor usage.

ADVANTAGES

- ... Superior quality solvent based penetrating sealer
- ... Effectively seals and protects all natural stones, engineered quartz etc
- ... Ready to use
- ... Does not alter the natural look of the stone surface
- ... Used by professionals

MATERIAL

- Marble
- Granite
- Quartz

PACKING

1 L/Btl

Art No: 99.000.15

BEZILLO PROSHIELD DELUXE 702

Superior quality water & oil repellent solvent based ready to use penetrating sealer for all type of natural stones.

BEZILLO PROSHIELD DELUXE is a superior grade ready to use solvent based penetrating sealer specially formulated to deeply penetrate into the stone and effectively seals and protects all stones surfaces against stains. It does not create any film or discolor the stone surfaces. It does not alter the natural look of the surface. It is recommended for both indoor & outdoor usage.

ADVANTAGES

- Superior quality solvent based penetrating sealer
- Effectively seals and protects all natural stones, engineered quartz etc
- Ready to use
- Does not alter the natural look of the stone surface
- Used by professionals

MATERIAL

- Marble
- Granite
- Quartz

PACKING

1 L/Btl

Art No: 99.000.16

BEZILLO PROSHIELD ECO 270

Superior quality economical water & oil repellent solvent based ready to use penetrating sealer for all type of natural stones.

BEZILLO PROSHIELD ECO is a premium grade ready to use economical solvent based penetrating sealer specially formulated to deeply penetrate into the stone and effectively seals and protects all stones surfaces against stains. It does not create any film or discolor the stone surfaces. It does not alter the natural look of the surface. It is recommended for Indoor use.

ADVANTAGES

- Superior quality solvent based penetrating sealer
- Effectively seals and protects all natural stones, engineered quartz etc
- Ready to use
- Does not alter the natural look of the stone surface
- Used by Professionals

MATERIAL

- Marble
- Granite
- Quartz

PACKING

1 L/Btl

Art No: 99.000.17

BEZILLO PROSHIELD HIDRO 180

Superior quality water & oil repellent water based ready to use penetrating sealer for all type of natural stones.

BEZILLO PROSHILED HIDRO is a premium grade ready to use water based penetrating sealer specially formulated to deeply penetrate into the stone and effectively seals and protects all stones surfaces against stains. It does not create any film or discolor the stone surfaces. It does not alter the natural look of the surface. It is recommended for both Indoor & Outdoor usage.

ADVANTAGES

-  Superior quality water based penetrating sealer
-  Effectively seals and protects all natural stones, engineered quartz etc
-  Ready to use
-  Does not alter the natural look of the stone surface
-  Non-carcinogenic
-  Used by professionals

MATERIAL

- Marble
- Granite
- Quartz

PACKING

1 L/Btl

Art No: 99.000.18

BEZILLO PROSHIELD ENRICH 801

Superior quality water & oil repellent water based ready to use penetrating sealer & enhancer for all type of natural stones.

BEZILLO PROSHILED ENRICH is a premium grade ready to use water based penetrating sealer and enhancer specially formulated to deeply penetrate into the stone and effectively seals and protects all stones surfaces against stains. Ideal for Textured, Honed and Polished surfaces that highlights the natural characters of the stone. It enriches the stones natural color with a matte finish. It is recommended for both indoor & outdoor usage.

ADVANTAGES

-  Superior quality solvent based penetrating sealer & enhancer
-  Enriches the color of textured, honed & polished stone surfaces.
-  Enriches the stones natural color with matte finish
-  Highlights the natural characters of the stone
-  Ready to use
-  Used by Professionals

MATERIAL

- Marble
- Granite
- Quartz

PACKING

1 L/Btl

Art No: 99.000.19

BEZILLO EDGE & BOTTOM PROTECTOR

Superior quality water based protector for bottom and edges of all type of natural stones, quartz, ceramic etc.

BEZILLO EDGE & BOTTOM PROTECTOR is a water based protective impregnation for application to the back/fixing side for all polished, honed marbles, granites and natural stone tiles to avoid humidity/moisture based problems such as: shadows, marks or oxidation appearing on the surface of marble, granite and natural stone surfaces after these have been fixed. The easy application of the product creates an excellent bonding surface which facilitates the adhesion to the sand/cement bedding while reducing the water ingress through the back side of the tile.

ADVANTAGES

- Penetrates deeply into micropores
- No change in color of the stone
- No unwanted film residues post application
- Allows stone to breathe naturally

MATERIAL

- Marble
- Granite
- Natural Stones
- Quartz
- Ceramic

PACKING

1 Lt/Btl
Art No: 99.000.20

BEZILLO WASH & SEAL

Superior quality concentrated daily cleaner & sealer for all type of natural stones.

BEZILLO WASH & SEAL is water-repellent and brightening detergent. cleans, polishes and protect the treated surfaces. Suitable for the deep cleaning of any surface in marble, granite, quartz cement, agglomerates, etc. Excellent for ordinary maintenance of marble floors and polish terrazzo. Ideal for washing the surface after treatment with polish powder. It creates a water-repellent surface.

ADVANTAGES

- Daily cleaner & sealer soap
- Concentrated cleaner to be diluted with water hence economical in use
- Increases gloss on natural stones
- Ideal for routine maintenance

MATERIAL

- Marble
- Granite
- Natural Stones
- Quartz
- Ceramic

PACKING

5 Ltr
Art No: 99.000.21

BEZILLO BRILICA

Superior quality solvent based liquid wax to enhance the gloss levels of all type of natural and artificial stones.

BEZILLO BRILICA is a ready to use silicon wax solvent based product specially formulated to enhance the gloss on textured honed & polished surfaces such as marble, granite, quartzite, terrazzo etc. It enhances the stone natural colour and ideal to restore the gloss of faded surfaces over a period of time. Very quick drying with long lasting effect. It is recommended for both outdoor and indoor usage.

ADVANTAGES

- Superior quality ready to use silicon wax
- Enhances the natural colour of textured, honed and polished surfaces
- Very quick drying and very long lasting
- Recommended for indoor / outdoor usages
- Used by professionals

MATERIAL

- Marble
- Granite
- Natural Stones
- Quartz
- Ceramic

PACKING

1 Ltr

Art No: 99.000.22

BENZILLO[®]

COLORANTS

BEZILLO COLORANT PASTE - UNIVERSAL

Superior quality universal color pigment paste for polyester & epoxy product range.

BEZILLO COLORANT PASTE - UNIVERSAL is a superior quality color pigment paste used for mixing and matching color in polyester and epoxy glues. The product is easy to mix. Available in White, Yellow, Brown, Black, Grey, Beige, Blue, Red, Green, Bottaccino, Ochra.

ADVANTAGES

- Superior grade color pigment paste
- Easy to mix with both manual and mechanical system
- Use 2-3% in ratio with the weight of the glue
- Available in all standard colors
- Used by professionals

MATERIAL

- Marble
- Granite
- Quartz

PACKING

50ml/Btl

ULTRASHINE™

GRINDING & POLISHING MACHINES

SUPERIOR QUALITY PRODUCTS.

ULTRASHINE™

PROFESSIONAL RANGE OF
STONE GRINDING, POLISHING &
MAINTENANCE PRODUCTS

RANGER 17 TOP 4.0 HP

Superior quality grinding & polishing machine designed to grind and polish all type of natural & artificial stone floors.

RANGER 17 TOP 4.0 HP the most powerful single-phase floor machine in the market is now available with the innovative single-directional planetary with chain drive. Reliable, performing and extremely silent, it is ideal for all grinding operations in civil and industrial environments. Designed to achieve the lowest current draw and the best handling, the new chain planetary does not require any particular maintenance. Easy to use even for less experienced operators, its large standard adjustable wheels allow a perfect maneuverability as an alternative to swing.

ADVANTAGES

- ✦ Ideal for all grinding & polishing operations
- 🔄 Most versatile & reliable grinder
- 💰 Low cost & superior performance
- 🏆 The most powerful single-phase floor machine

MATERIAL

- Quartz
- Marble
- Terrazzo
- Granite

• WEIGHT	62 Kg
• HP MAX	4 HP
• VOLT	220
• HZ	50/60
• SPEED RPM	155
• WORKING WIDTH	450mm

RANGER 330 MINI 1.5 HP

Superior quality grinding & polishing machine designed to grind and polish all type of natural & artificial stone floors.

RANGER 330 MINI 1.5 HP is a professional single disc with planetary for grinding and polishing counter tops, stairs, edges and narrow areas. Thanks to its powerful motor and to the counter-rotating planetary it is possible to grind and to polish marble, granite and concrete. It differs from all the others machines in the market for its robustness and its perfect balance. The speed of the abrasives is studied in order to make the machine stable, easing the grinding and polishing operations. It is supplied with splash guard and connection for vacuum cleaner.

ADVANTAGES

- ◆ Ideal for all grinding & polishing operations
- 👤 Most versatile & reliable grinder
- 💰 Low cost & superior performance
- 🏆 The most powerful single-phase floor machine

MATERIAL

- Quartz
- Marble
- Terrazzo
- Granite

RANGER VAC 30

30 ltr wet and dry vacuum cleaner designed to clean spaces in the fastest and efficient way.

RANGER VAC 30 comes complete with dry filter, Carpet brush and full tool kit for wet or dry use. Features a stainless steel canister for long life. The base design makes the machine very stable and the corner castors provide excellent manoeuvrability. The high quality efficient motor provides powerful suction with the extremely low noise.

ADVANTAGES

- Ideal for wet and dry cleaning
- Durable stainless steel tank
- Low cost & superior performance
- Powerful suction with the extremely low noise

MATERIAL

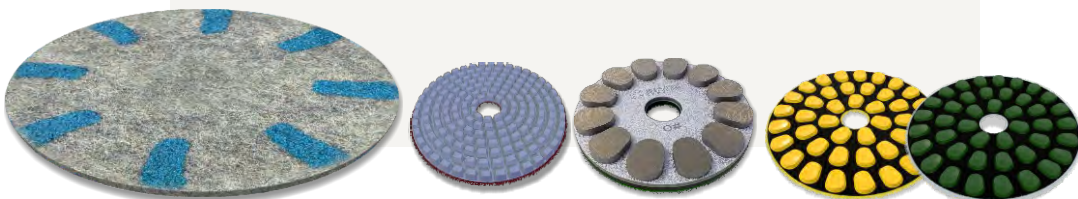

- Quartz
- Marble
- Terrazzo

ULTRASHINE™

DIAMOND
TOOLS, DISK
& PADS

ULTRASHINE METAL

Superior quality diamond metal abrasive tool designed to grind all type of natural & artificial stone floors.

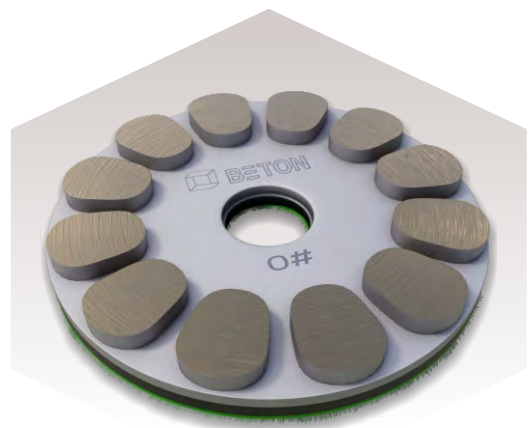

ULTRASHINE METAL is a superior quality Metal Abrasive Tool designed to optimize the grinding/calibrating of different stone material. Advanced formulation developed for aggressive grinding with reduced steps to save labour costs. The construction of the tool is designed to effectively remove lip page's from surfaces. Longer tool life makes the product highly economical to use.

ADVANTAGES

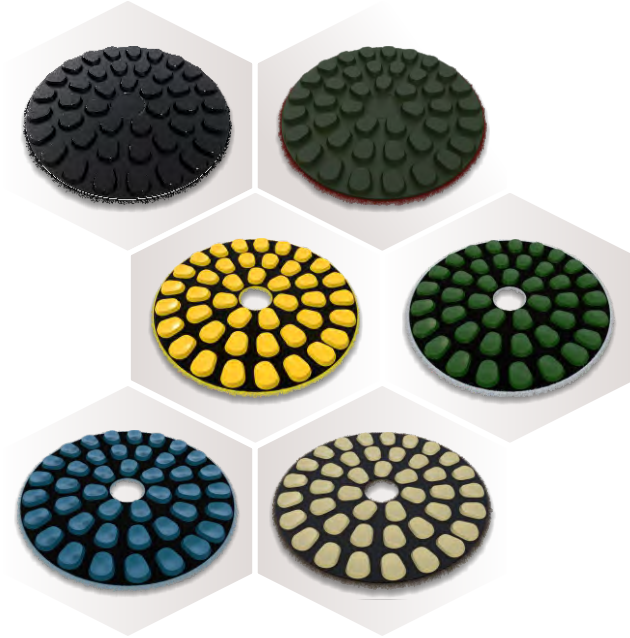

-  ... Very aggressive & effective to grind all type of natural & artificial stone surfaces
-  ... Longer tool life makes the product highly economical
-  ... Can be used in any single disc machine
-  ... To be used just with water

MATERIAL	AVAILABLE GRITS

ULTRASHINE EZ-M

Superior quality diamond resin abrasive tool designed to polish all type of natural & artificial stone floors.

ULTRASHINE EZ is a superior quality Resin Abrasive Tool designed to optimize the grinding honing & polishing of different stone material. Advanced formulation developed for aggressive grinding & polishing with reduced steps to save labour costs. The construction of the tool is designed to effectively remove minor lippage's from surfaces. Further steps are used just with water to achieve mirror like gloss. Longer tool life makes the product highly economical to use.

ADVANTAGES

-  ... Super lifespan
-  ... No orange peels with crystal clear shine
-  ... Gloss stays 10 times longer than any tradition routine
-  ... Super unique & different design with increased tool performance
-  ... Polishing just with water to achieve mirror like gloss
-  ... Environmental polishing by reducing water pollution

ULTRASHINE EZ-G

Superior quality flexible diamond resin abrasive tool designed to polish all type of granite & quartz stone surfaces, edges, profiles, bevels etc.

ULTRASHINE FLEXI - G is a superior quality Flexible Resin Abrasive Tool designed to optimize the grinding honing & polishing of hard stone surfaces. Thanks to its super flexible technology that can be used on Hand Held machine & Floor machines to polish Granite & Quartz stones. Advanced formulation developed for aggressive grinding & polishing with reduced steps to save labour costs. To be used just with water to achieve mirror like gloss. Longer tool life makes the product highly economical to use.

ADVANTAGES

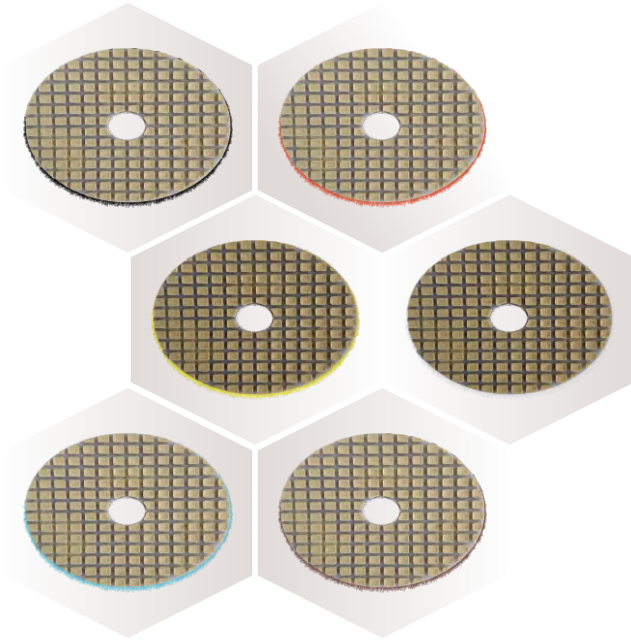

-  Super lifespan
-  No orange peels with crystal clear shine
-  Gloss stays 10 times longer than any tradition routine
-  Super unique & different design with increased tool performance

ULTRASHINE FLEXI EZ

Superior quality flexible diamond resin abrasive tool designed to polish all type of marble, terrazzo & limestone surfaces, edges, profiles, bevels etc.

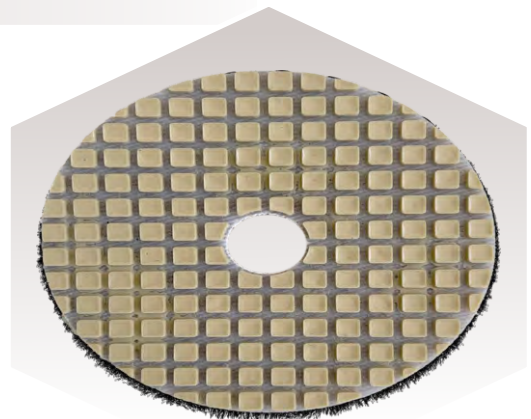

ULTRASHINE FLEXI EZ is a superior quality Flexible Resin Abrasive Tool designed to optimize the grinding honing & polishing of hard stone surfaces. Thanks to its super flexible technology that can be used on Hand Held machine & Floor machines to polish Marble, Terrazzo & Limestone. Advanced formulation developed for aggressive grinding & polishing with reduced steps to save labour costs. To be used just with water to achieve mirror like gloss. Longer tool life makes the product highly economical to use.

ULTRASHINE™

POLISH
POWDERS &
CRYSTALLIZERS

ULTRALUX 81 YELLOW

Superior quality universal polishing powder to reach high gloss on coloured and all type of marble stone surfaces.

ULTRALUX 81 YELLOW is a superior quality universal polishing powder to polish normal or calcareous marbles. Ideal for polishing and floor maintenance as well as floor washing. Excellent for the maintenance of all type of natural stone surfaces. Quickly cleans and polishes a wide range of surfaces including marble, granite, porcelain etc. It is an excellent abrasive which, when mixed with water, easily removes stains encrusted. By using natural grey pad on a normal rotary machine, make a cream and work until the gloss comes out. Add some polish and water from time to time. At the end of work, carefully wash with water by using a white pad.

ADVANTAGES

- ☺ Superior quality universal polish powder for all type of natural stone
- ♻️ Fast, consistent & high quality results
- 💧 Polishing just with water
- 🔧 Economical in use

MATERIAL

- Marble
- Terrazzo
- Limestone

SUPERIOR QUALITY PRODUCTS.

VERTIX™

PROFESSIONAL RANGE OF
STONE AND TILE TOOLS

VERTIX MESH SCRAPER TOOL

Superior quality heavy-duty stainless-steel mesh scraper tool designed to scrape off the fiber mesh or resins on stone surfaces.

VERTIX Mesh Scraper Tool is a solid heavy-duty stainless steel specially designed to scrape off fiber mesh and resins on stone slabs. The first time you will pick up the VERTIX Mesh Scraper Tool you will notice the difference. It feels strong and durable. It gets the job done with great convenience to the worker and save a lot of time of workers. Unlike using grinders which creates a dusty environment and flying minute fibers which is unhealthy for the worker VERTIX Mesh Scraper Tool does the job very easily without creating any dust. Having the right tool makes all the difference and VERTIX Mesh Scraper Tool is ideal tool for professionals

ADVANTAGES

- Heavy-duty stainless-steel fiber mesh & resin removal tool
- Scrapes the fiber & resin on stone slabs very easily with very little effort
- Highly durable tool and easy to operate
- Dust free work
- Used by professionals

MATERIAL

- Quartz
- Marble
- Terrazzo
