E25

**THE BEST
BUDGET-FRIENDLY
ELLIPTICAL IN ITS CLASS**

E25

PRODUCT OVERVIEW

- 7.5" LCD workout console
- Latest Bluetooth connectivity technology
- Functions in both forward and reverse motion
- Built-in speakers allow music to play from a media device
- Unique 2-degree Inward tilt foot pedal design
- Power incline system

The E25 has a power incline feature for additional resistance and variable positions. The ramp angle is fully adjustable from a level plane, up to 20 different incline levels, allowing users to target and work all major lower-body muscle groups and handles for upper-body workouts. It also has stationary handlebars with built-in pulse sensors for heart rate monitoring.
