EVOLUTION UPGRADE
TO BE EXCELLENT

E35

PRODUCT OVERVIEW

- 10.1" touchscreen console
- Latest Bluetooth connectivity technology
- Functions in both forward and reverse motion
- Built-in speakers allow music to play from a media device
- Unique 2-degree Inward tilt foot pedal design
- Power incline system

The E35 incorporates all the best features from our engineering lab, including the fluid, natural motion provided by a whisper-quiet drive system, heavy 25 lb. (11 kgs) flywheel, and a high gear ratio not found on comparable models, and the newest 10.1" touchscreen workout console to keep you motivated to training another mile. In addition, we invite both physical therapists and sports enthusiasts to design our unique foot pedals together; this 2-degree inward slope to the foot pedals could effectively reduce ankle and knee stress.
