

PLBC Plateload Bicep Curl Machine

The Bicep Curl Machine Steelflex PlateLoad Line PLBC is a high-quality workout machine for strengthening your biceps. The sturdy, stable structure is coated with electrostatic powder paint which protects it from scratches. The PLBC features quality, high padding on the seat, backrest and armrests, respectively, foam-padded handles and anti-slip legs for better stability during the workout. This exercise machine also features screw covers and fully sealed bearings.

- Olympic weight posts (for use only with olympic weight plates)
- For both commercial and non-commercial use
- **Weight plates not included**
