

# Treadmill TR2.0

**With the high-quality XTERRA TR2.0 treadmill you are well equipped for your weekly training.**

Ideal for both beginners and experience runners, the Xterra TR2.0 combines a smooth 2 HP motor with a spacious 45.7 x 134.6 cm running surface for a comfortable run. Runners can simulate different routes by changing the incline from 0-10%, moving at speeds of up to 16 km/h.

With the easy-to-use console, users can easily adjust all workout settings mid-workout with large, assessable buttons, tracking all workout data, including pulse measurements, on the 3 LED window display. And with Bluetooth enabled, you can sync the i-power plus to your tablet or smartphone via the XTERRA FITNESS app to easily adjust programs, incline, and speed through your device.

Stay entertained with an adjustable tablet holder, setting up your smart device to easily follow workout routines, or catch up with your favorite shows while you train. And when you have finished your session, just fold up the machine with easy lift assist to save on floor space.

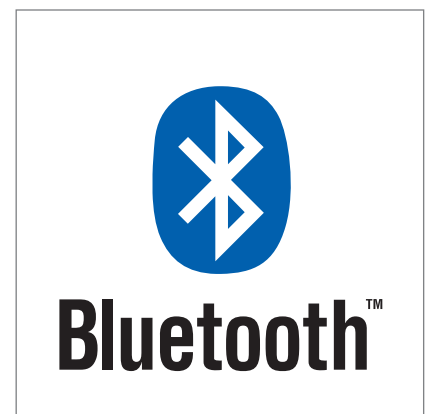

### 10 Levels of Power Incline

Runners can simulate different routes by changing the incline from 0-10 Levels.

### Tablet Holder

The adjustable tablet holder allows you to use the tablet for entertainment. Setup your smart device to easily follow workout routines or catch up with your favorite shows.

### Xterra App with Bluetooth Compatibility

With Bluetooth enabled, you can sync the TR2.0 to your tablet or smartphone via the XTERRA FITNESS App to easily adjust programs, incline, and speed through your device.
