

Placing an order with Class Fundraising for Christmas 2023

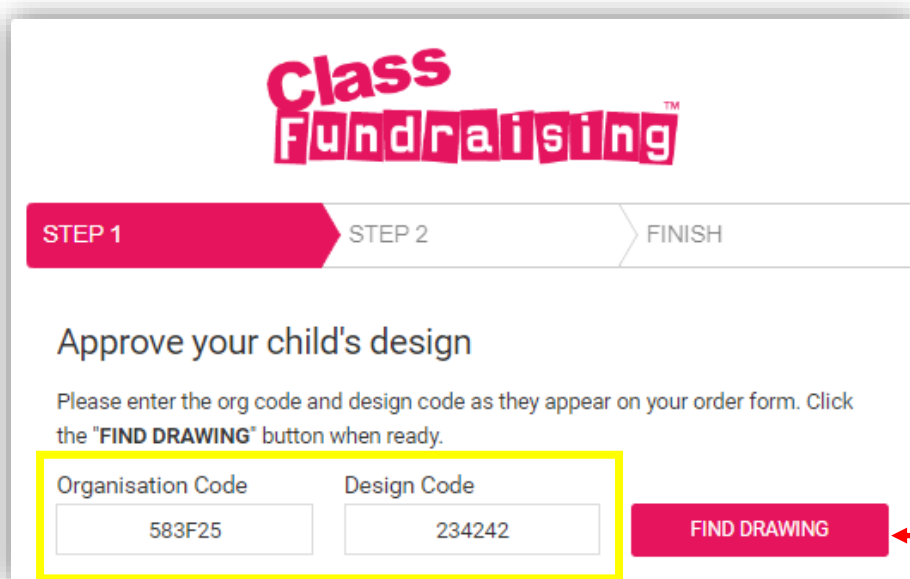

You will have received your parent order card and that has two codes, an ORG code and a DESIGN code. You need these two pieces of information in order to place an order. If you have not received your parent order card or have lost it before unlocking your Child's image then you will need to contact your organiser as Class Fundraising cannot give out these details direct to parents due to data protection law.

The first stage is to log on to approve.myfundraisinghub.com in your internet browser– There is no need for www.

You will see the welcome screen....

Click 'Get Started' on the welcome screen and it will take you to the page where you unlock your Child's image. On this screen you need to input the ORG code and Design code from the parent order form. Then click on 'Find Drawing'

Your Child's drawing will then be displayed. This should match the drawing on your parent order card.

You then need to scroll further down the page and complete the required fields – Please make sure you type your Child's name in the correct place and use capital letters where appropriate and spacing as this information that you type is printed on the final products. Then select the correct class and then fill in your own details. Once you have done that then check the confirmation

You will then be re-directed to shop.classfundraising.co.uk and you will be able to place orders for your Childs design across a range of products. The shop works just like any other ecommerce store and is easy to navigate.

The screenshot shows the Class Fundraising website's online shop for Christmas. The header includes the logo and navigation links: 'The Christmas Project', 'Fundraising Projects', 'Our Story', 'Online Shop', 'Help', and 'Login / Sign Up'. A red banner reads 'Register Now For Christmas 2023'. The main heading is 'Shop our Christmas Range' surrounded by snowflake graphics. Below, there are filters for 'Availability' and 'Price', and a 'Sort by: Featured' dropdown. The products are displayed in a grid:

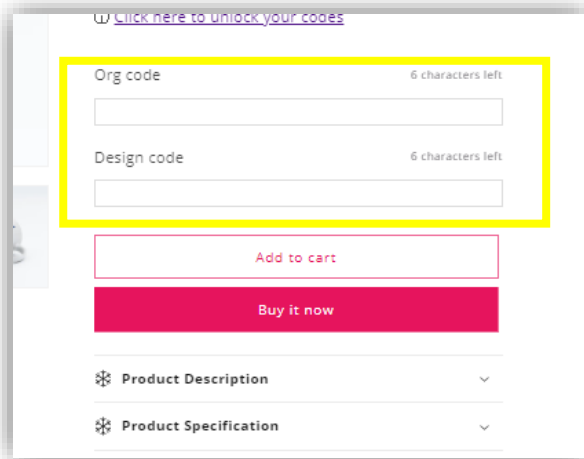

Product	Price
Pack of 12 - Premium A6 Christmas Cards	£5.30 GBP
Pack of 10 - Premium Christmas Gift Tags - 70 x 48mm	£2.35 GBP
Pack of 5 - 420 x 594mm Christmas Wrapping Paper Sheets	£5.10 GBP
35 Piece Christmas Jigsaw Puzzle - 19 x 28cm	£5.92 GBP
100% Cotton Eco Friendly Reusable Tote Bag	£9.50 GBP

100% Cotton ECO Friendly Tea Towel	£8.26 GBP

When you select a product the only difference you will find to a normal online shop is that you need to add the ORG code and DESIGN code into the product screen so that we print your Childs design on the product.

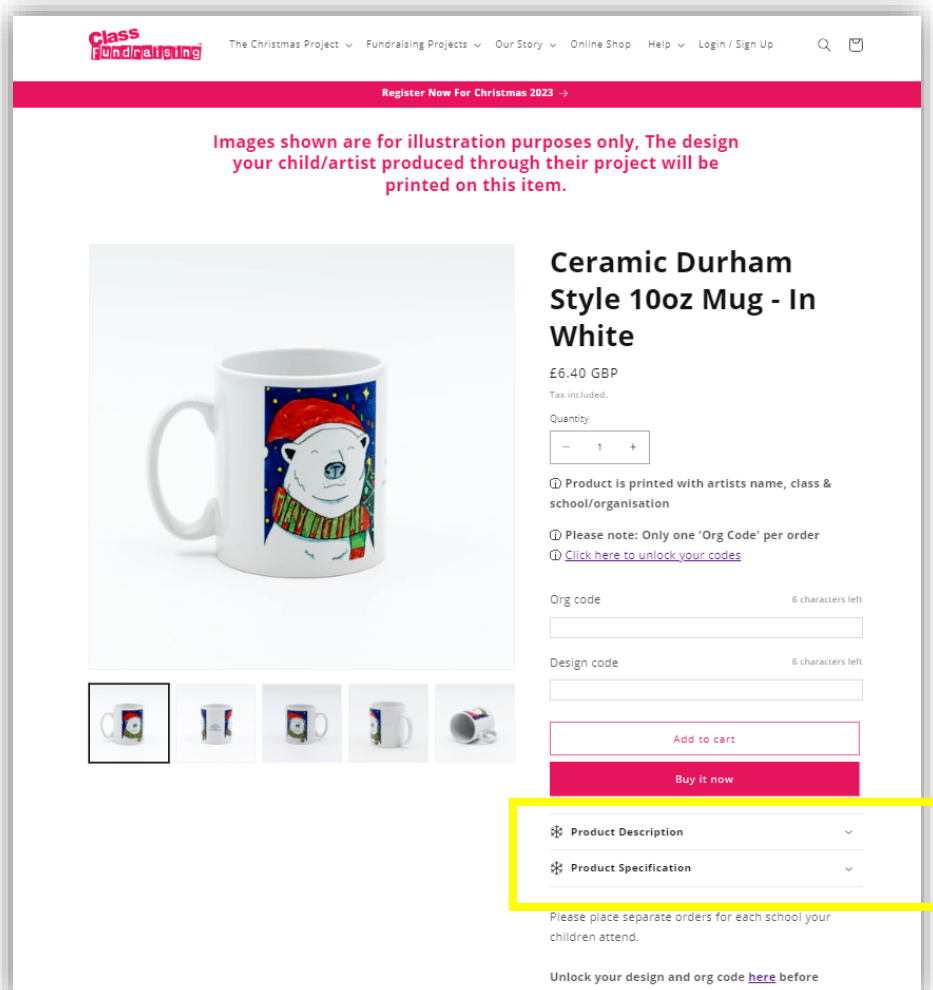

PLEASE NOTE

If you have multiple children at the same school then ensure you enter the correct design code and it does not autofill.

If you have children at different schools you will need to complete completely separate online orders in that we cannot mix ORG codes within the same order.

On each product page you will find a full product description and the technical specifications.

Once you are happy with your purchases then check-out is just like any other online store.

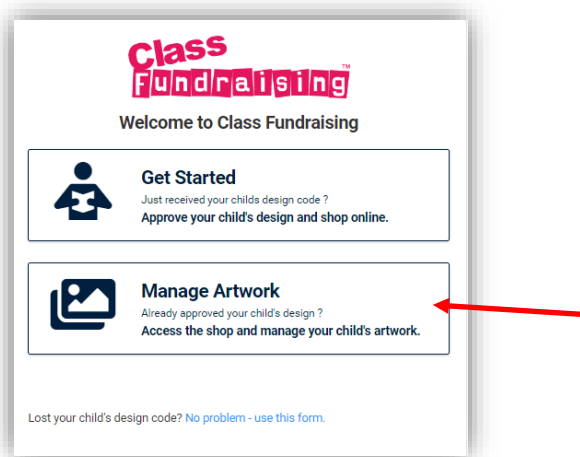

You will not get delivery updates from Class Fundraising, you should contact your organiser for updates. Deliveries will be made to your school/organisation in up to 4 consignments and are typically:

- Paper products – Cards, tags and wrapping paper
- Mugs
- Fabrics – Tea towels and bags
- Gifting products

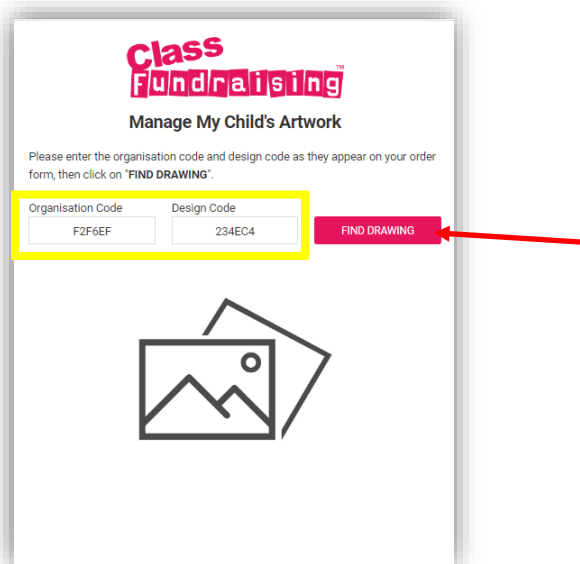

Depending on the shop closing date and when you place your order it could take **2-4 weeks for your products to arrive at your school/organisation.**

Amending your Childs details

Should you wish to amend your Child's details then this can also be done at the unlock screen at approve.myfundraisinghub.com . **PLEASE NOTE – This can only be done up until the point your organisations store closes as that is when the final print file is created.**

Once you click on manage artwork you need to input the ORG code and DESIGN code to access your Childs details and then 'Find Drawing'

If you then click on the 'Update Childs Details' icon then a window opens to allow you to update the Childs name and class – Once update click the 'Update Details' button.
