

# BLACKBEARD X

Transform your rifle and your trigger into a laser dry firing behemoth.

Blackbeard is a drop-in replacement for your bolt carrier group and magazine that automatically resets the hammer between shots, allowing you to take up to 10 dry fire shots per second.

**Laser options:**

- RED
- GREEN
- INFRARED

World class, real-time shooting performance analysis and feedback system.

Level up your training using the award-winning MantisX app, with training courses, drills, and exercises to master your shooting. The integrated MantisX sensor streams data from your firearm to the Mantis X app on your phone for instant analysis and feedback.
