& RESET**

**EASY INSTALL IN
UNDER 30 SEC**

**UP TO 10 SHOTS
PER SECOND**

**UP TO 50,000
SHOTS PER
CHARGE**

World-class AR dry fire training has arrived.

Blackbeard is not a trigger replacement, and not a trigger modification. Blackbeard is a drop-in Bolt Carrier Group + Magazine that drives your existing trigger. Using electromechanical wizardry, Blackbeard can enable up to 10 dry fire shots per second, quickly resetting the trigger between each shot. Along with optional laser, Blackbeard is the ultimate AR trigger reset machine.

Installation takes less than a minute. Break open your AR, swap in Blackbeard, and insert the magazine to provide the power. It's a 20-second change out. Dry fire away, and count how much money you are saving with every sweet trigger break and reset.

NEXT LEVEL LASER POWER

Available laser module options:

- **RED** 
- **GREEN** 
- **INFRARED**
