

# SPOTTED BEAR RANCH

“Where memories are made and outdoor traditions live on”

## About

Nestled in the woods of Northwest Montana, between the Bob Marshall Wilderness and Glacier National Park, the South Fork of the Flathead River is hailed as Montana's most pristine and secluded river. Offering a pure and remote experience, anglers can catch numerous wild cutthroat on a dry fly. The lodge season spans from June to late September, with a unique opportunity to target bull trout in June and July. The rustic lodge and guest cabins provide comfortable amenities, including cozy beds, daily maid service, and chef-prepared meals, making Spotted Bear Ranch a haven for those seeking exceptional hospitality and a remarkable fishing experience.

## Getting Here

Many guests choose to rent a vehicle or one can arrange for shuttle service from the Kalispell airport/Whitefish to the Ranch. Driving time is 2-2 1/2 hours from the airport or Whitefish. There is also a flight charter service available that lands on a well-maintained grass airstrip five minutes from the Ranch.

## Fishing

Montana holds a long-standing tradition in fly fishing, our favorite way to target native trout. Our professional Orvis-endorsed guides are willing instructors. It is all spectacularly gorgeous river fishing for native wild trout. We have a blend of walk/wade fishing opportunities and float fishing from 14' self-bailing rafts equipped with seats for the anglers.

## Lodging

We have six comfortable and rustic guest cabins. Each has a common room, a front porch and is equipped with heat and a small refrigerator.

## Dining

Enjoy five-star meals in the wilderness with locally sourced ingredients. We offer gourmet dinners from an experienced chef. Get ready for perfectly-cooked meats, glazes, and layered desserts made from rare mountain huckleberries. Every night is a different mouthwatering experience and can be catered to allergen needs.

“Amazing hospitality and a wonderful experience. Besides the great float trip, our guide took us on the most enjoyable walk/wade trip I have ever been on.”

“Had a great stay and 2 days of floating the South Fork. The lodge is beautiful, peaceful and remote. The staff is amazing, the food phenomenal and the atmosphere serene. The staff is low key and could not be more helpful. Our guide, Will, was super. Overall, I can't recommend the lodge highly enough.”
