

Product Features

- **90% energy Saving over normal incandescent lamps**
- **High lumens (light output) per watts**
- **No UV or infrared radiations**
- **No mercury content or other hazardous materials**
- **Up to 25,000hrs working lifetime**
- **360 degree all round light**
- **Same appearance as normal lightbulbs**
- **Warm white light for pleasant surroundings**

Product Specifications and Data

Power Consumption: 2w, 4w, 6w

Lumen Output: 2watts = 200 lumens
 4watts = 400 lumens
 6watts = 600 lumens

Color Temperature: Warm White = 3000k

Life Hours: >25,000 hours

Power Factor: 0.4

Beam Angle: 360°

CRI: > 80

Operating Temperature: -20 – 55°C

Voltage: 220v -240V

Base: B15/E14/B22/E27

Warranty: 2 years
