

ARTISAN HIGHLIGHT | BENSON

Benson creates beautiful, hand-bound journals for FMSC MarketPlace™ partner 2nd Story Goods in Haiti. The journals are then carefully covered using rice bags, burlap and leather, which is sourced in-country as a by-product of food. Benson leads a team of more than 20 people at “The Brothers” Workshop in Jubilee, a small developing community by the sea, on the outskirts of Gonaives. His workshop is changing the story for people in this neighborhood.

HANDMADE IN HAITI

Every purchase provides FMSC meals and builds sustainable communities.
