

# ARTISAN HIGHLIGHT | JERRY

Jerry is part of the leather team, Ekip Solid (meaning “solid team”), at FMSC MarketPlace partner Haiti Design Collective. He is grateful for the training he has received at HDC, which is helping his dream of owning his own home become a reality. Saving for the future isn’t something that exists in Haitian culture or really is even a possibility, but after receiving training at HDC, this changed for him, and he began saving for his dream.

**HANDMADE IN HAITI**

Every purchase provides FMSC meals and builds sustainable communities.
