

# ARTISAN HIGHLIGHT | CHRISTINA

At age 16, Christina started working for Fabretto making jewelry at Nica Hope. Fabretto was her support system. The teachers encouraged her to continue her education and provided her a daily FMSC meal. She and her husband were able to move into a home. Her experience at Fabretto allowed her to start a new job; making room at Nica Hope for someone else have the same opportunities she was given.

**HANDMADE IN NICARAGUA**

Every purchase provides FMSC meals and builds sustainable communities.
