

ARTISAN HIGHLIGHT | LOURDES

Lourdes works as a coffee bean sorter in one of Haiti's largest coffee sectors. She and her husband have six children. Her husband's eyesight is deteriorating, so it is up to her to provide for her family. Singing Rooster, one of FMSC's MarketPlace partners who support economic growth and sustainability in Haiti, works with Lourdes to sell the coffee beans she works so hard to sort.

HANDMADE IN HAITI

Every purchase provides FMSC meals and builds sustainable communities.
