

# ARTISAN HIGHLIGHT | SUZETTE

Suzette is a manager for the Red Rope Project, a sewing cooperative providing jobs for impoverished women in the Philippine slums. Before Red Rope, the small income Suzette received covered basic needs for her children. Now she is able to send her children to school in addition to providing food. "I enjoy sharing the skills and ideas that I know because this has always been the desire of my heart," she said.

**HANDMADE IN THE PHILIPPINES**

Every purchase provides FMSC meals and builds sustainable communities.
